THIS IS THE wreckage of the car in which John L. Greene, Escanaba banker, was injured and his wife, Lila, was killed Monday night in a collision with an Escanaba & Lake Superior diesel locomotive on a grade crossing on County Road 426 three-tenths of a mile west of U. S. 2-41. (Daily Press Photo)

Car-Train Crash Takes Life Of Mrs. J. L. Greene

Mrs. J. L. Greene

Lila Benedict Greene, 60, wife of prominent Escanaba banker John Lowell Greene, was killed and her husband seriously injured when their car slammed into an Escanaba & Lake Superior Railroad freight engine at a crossing on Co. Rd. 426 at 8:20 Monday night.

Greene, 58, executive vice president of the First National Bank, was taken to St. Francis Hospital by ambulance and was reported in "fair" condition this morning.

Hospital officials said Greene suffered lacerations of his right knee, hand and cheek, a fractured right hand and multiple abrasions and contusions of his face and body.

Police said Mrs. Greene, a passenger in the car, was pronounced dead at the accident scene by Dr. Otto Hult of Gladstone, county medical examiner.

The death was the first highway fatality in Delta County this year and increased the state total to 45. Last year at this time 66 persons had died in Michigan accidents.

State Police of the Gladstone Post said that Greene was traveling southeast toward Escanaba on Co. Rd. 426 (the Paper Mill Road) and hit the right front of the engine head-on at the crossing, which is three tenths of a mile from U. S. 2 and 41.

Engine Fireman Donald Franks, 1215 11th Ave. S., told police that he saw the car coming and when it appeared the car would not be able to stop he told engineer George E. McMillie of Wells to stop the train.

According to the train crew, the engine had stopped before the impact. Police said the engine was blocking about three fourths of the southeast bound lane of traffic, but that the northwest bound lane was clear. There is no flasher signal at the crossing.

The road at the time of the accident was covered by light snow and the Greenes were apparently coming to Escanaba

Stabbing Fatal To Convict At Marquette Prison

MARQUETTE (AP) — A 30-year-old Marquette State Prison inmate died Sunday of stab wounds received Friday in a fight in the prison's dining room.

Prison officials identified the victim as Robert Larson of Grant, and said his slayer was Charles Jackson Jr., 21. The two reportedly argued about a radio.

Larson had been serving a 4-to-15-year term for unarmed robbery. Jackson had been sentenced for forgery and escaping from prison.

Weather

By The Associated Press

Upper Peninsula — Mostly cloudy and continued cold with intermittent light snow or snow flurries this afternoon, tonight and Wednesday. Snow flurries locally tonight, becoming heavy near Lake Superior late tonight and Wednesday. Lows tonight, zero to 5 above on the lake shores and east portion to near 10 below in the western interior. Highs Wednesday, 5 to 15.

Lower Michigan — Variable cloudiness and a little colder with a few snow flurries over the north and west portions this afternoon. One to two inches of new snow over the central and north portions tonight, occasional light snow in the south portion. A little colder in the southeast portion tonight with lows of 5 to 15 in the northwest and 15 to 22 in the southeast. Outlook Wednesday, mostly cloudy and colder with snow flurries near Lake Michigan. Highs Wednesday, 10 to 18 in the northwest and 18 to 24 in the southeast.

The sun sets today at 5:26 p. m., and rises Wednesday at 8:27 a. m.

Education Aid Program Calls For 1.5 Billion

Staebler May Not Get His Party Job Back

LANSING (AP) — Former Democratic national committeeman Neil Staebler, unsuccessful candidate for governor last year, may find it virtually impossible to get his old job back, party sources say.

He may find State Treasurer Sanford Brown on the inside by the time he knocks on the door.

Staebler resigned the post in favor of a term as congressman-at-large. He was succeeded by former Gov. John Swainson who filed petitions last month as a candidate for Wayne County Circuit Court.

The nonpartisan nature of the judicial post will require that Swainson step down from his party position.

Staebler and several other potential committeemen have said protocol demands that they not announce candidacy until the post is vacated. Staebler has said privately, and Brown publicly, that each is interested in the job when it becomes available.

One party source said that "included in the thinking going on" is the naming of Brown as an alternate to Swainson while he is still in the committeeman post. This would make him a logical successor to Swainson.

"There could come a time when John Swainson could be in need of someone to assist him, but I don't know of any serious thinking along this line," said Democratic State Chairman Zolton Ferency.

Asked whether such a move was possible, Swainson said "it has been considered, and there is a precedent for it."

He could stay in his present post until the special election April 5, Swainson said, "although I haven't thought beyond the inauguration (of President Johnson, Jan. 20)."

REP. GERALD FORD of Michigan is introduced as his new colleague by Sen. Everett Dirksen of Illinois before the first performance of the new "Ev and Jerry Show." Dirksen is the Senate Republican leader and Ford replaces Rep. Charles Halleck of Indiana as GOP leader in the House. In the last Congress the weekly GOP report was known as the "Ev and Charley Show." (AP Wirephoto)

Emphasis Put On Schools In Poverty Areas

WASHINGTON (AP) — President Johnson sent Congress a record $1.66-billion tots-through-teens education program today, with an open invitation to private and parochial schools to take part.

The proposed program, with heavy emphasis on the children of low-income families, is the heaviest presidential artillery yet in what Johnson calls his war against poverty.

Bitter Fight Expected

The provisions for non-public schools to share in the benefits seem certain to trigger a bitter fight on Capitol Hill.

Even before the details were laid before Congress, it was learned, the group known as "Protestants and Other Americans United for Separation of Church and State," made known its opposition.

However, it also was learned that the Roman Catholic hierarchy generally approves, and so do some officials of the National Education Association, which traditionally opposes the use of public funds for non - public schools.

An administration source was confident: "This is a good bill, and one we believe we can get through the Congress."

The comprehensive program would provide assistance to preschool youngsters in the slums, elementary and secondary school pupils in the nation's pockets of poverty, and college scholarships and other help for worthy and needy high school graduates.

"Small Price"

Johnson said the one-year cost in excess of $1.5 billion "is a small price to pay for developing our nation's most priceless resource."

"Poverty has many roots," the President said, "but the tap root is ignorance."

The presidential program would provide for fiscal 1966:

—Public schools: $1 billion for elementary and secondary schools serving children from families with less than $2,000 annual income. There are an estimated 5 million such children and 85-90 per cent of the nation's school districts will qualify for assistance. Public and private schools would be urged to cooperate in shared-time programs and other joint use of new facilities.

—Higher education: $260 million to provide 140,000 scholarships, partial payment of interest on guaranteed private loans to college students — perhaps 2 per cent of the usual 6 per cent, assistance to small colleges, improved teacher training programs, and university-community extension programs, similar to the traditional agricultural extension programs.

Slum Children Behind

—Pre-school: $150 million to eradicate the handicaps with which slum children start first grade, when many educational experts say they already are two or three years behind. The projects probably would be patterned after the experimental programs now under way in Detroit, Baltimore and New York City. This would be part of the President's budget for the Economic Opportunity Act, not his educational program.

—Book purchases: $100 million in grants to states for the purchase of textbooks and library books. This would be for all schools, public and private, and whether or not they were in the pockets of poverty. All books purchased would be those used by the public schools; the purchase of religiously oriented books would be barred.

Centers Proposed

—Education centers: $100 million for supplementary education centers and services, providing public and private school pupils alike with tutors, programs in remedial reading, science and language laboratories, summer schools, programs and teachers for handicapped children, and accelerated programs for the gifted.

—Educational laboratories: $45 million to strengthen education research and extend it into such fields as history, literature and economics, and to develop

Holdup Shooting Puts 3 In Hospital

GRAND RAPIDS (AP)—Three persons were hospitalized—two with gunshot wounds — as victims of an armed robbery Monday night in which bystanders took an active part helping police capture two men.

One of those in custody told police he is a practicing psychiatrist.

Under treatment at St. Mary's Hospital were William L. Kliger, 64, his wife Ethel, 50, and John Williams, 38. All are from Grand Rapids.

Held in lieu of $50,000 bond each after demanding examination in a special arraignment before Police Court Judge Roman J. Snow were two Kansas City Mo., men, David E. Barney, 25, and Robert F. Freeman, 41.

Has College Degree

Police said both men declined statements except to demand counsel.

Inspector Walter Gilbert quoted Freeman, however, as saying he was a practicing psychiatrist with degrees from Michigan State University and Cornell University.

Kliger and his wife operate a second hand store at a near-southeast side intersection. They were there with Williams, a customer, shortly after 7 p.m., they told police, when a gunman entered.

They said the man announced a stickup and that when they showed disbelief he fired one shot into a wall and another into the ceiling.

They said he herded them into a back room where Kliger was shot in the right leg and pistol-whipped along with his wife. All three were bound by the intruder, they told police.

Bandit Regains Gun

At this time, another customer entered and engaged in a struggle with the bandit. Kliger kicked the bandit's gun from his hand. They said the man regained his weapon and Williams was shot through the throat and left thigh. Mrs. Kliger, meanwhile, broke free and ran outside as the second patron, Billy Smith, 37, also fled calling for help.

Two patrons of an adjoining hamurger stand ran into the store and met the gunman coming out. All three went down in a tangle of fists and feet.

At the same time, three men from a used car lot across the street dashed over. Dominic Feole, 47, of Grand Rapids, launched himself at the gunman who knocked Feole down and fled to a waiting car.

A police ambulance was the first vehicle to answer a call for help.

Getaway Car Caught

It arrived on the scene and its occupants were directed to the getaway car which was pulling away down an alley. The ambulance chased the car for about three blocks before overtaking it.

Patrolman Robert Delano, the ambulance driver, said the driver of the car surrendered without resistance but the other man, identified as Barney, came out with pistol leveled.

"We had the drop on each other," said Delano. "But I told him to lower his gun. He did."

Other police officers had joined Delano by this time and took the men into custody.

Prosecutor James Miller, who authorized the warrants, said the store was robbed of three watches and a photo light meter, all with a total value of $700.

Gilbert said Freeman claimed he arrived in town shortly before the holdup and met the younger man, who forced him to drive from the scene at gunpoint to the spot were they arrested.

Legislature Mobilizes With 72 Newcomers

LANSING (AP) — The gavels bang down Wednesday for a Michigan Legislature session full of change, question-marks and almost certain action.

Democrats will be in control for the first time in three decades when senators and representatives convene in their redecorated chambers.

Only 66 of the 148 legislators are incumbents, adding an aura of mystery at least to the early phases of the session as viewpoints of the newcomers are sought.

Business Starts Jan. 25

Actually, the two houses's won't get down to much business before Jan. 25.

Per constitutional requirement, this 73rd Legislature will begin at 12 noon on the second Wednesday in January. Oath-taking, allocation of desks, pictures, formal election of officers and other procedural tasks will occupy most of the first day.

Gov. George Romney will take the spotlight Thursday with his state of the state speech—the traditional report on how the state stands and what it needs.

Then the two chambers will adjourn, probably until Jan. 25.

The House will supervise a recount between Rep. Carroll Newton, R-Delton, and Democrat Claude Burton, who trailed by six votes in the November tally.

Rep. West On Spot

The House also may have a committee investigate Rep. Daniel West, D-Detroit, who is under indictment on voter registration and income tax irregularities.

Rep. Joseph Kowalski, D-Detroit, designated by democrats as House speaker, has said he'll propose a resolution that West be denied his seat pending a House committee report.

The legislature has two vacancies, each from a post-election death. Open are seats of the late Sen.-elect Paul Chandler, R-Livonia, and Rep. Walter Hyso, D-Hamtramck. Spring special elections are set for each.

The House includes 52 incumbents, 53 newcomers and four former members. The Senate has 14 incumbents, 19 newcomers and four members who moved from the House.

Counting West, Democrats control the house 71-38 and the Senate 23-14. Though their margins are heavy, Democrats could not on a party line vote overturn a veto of Republican Governor Romney, since a two-thirds vote in each chamber would be required.

Appeals Court Starts Work

LANSING (AP) — Following a formal robing ceremony today, Michigan's nine judges of the new court of appeals were to start work immediately with a judicial conference and their first hearings.

The State Supreme Court chambers were selected as the site for the formal donning of their robes of office by the justices.

Speakers were to be Chief Justice Thomas M. Kavanagh of the State Supreme Court, Chief Court of Appeals Judge T. John Lesinski and Christian Matthews, president of the Michigan State Bar.

Gov. George Romney was to address a luncheon in honor of the justices at noon at the State Bar Building.

The Appellate Judges will hold a judicial conference in Lansing Wednesday to discuss procedural matters involved in the first hearings of the Court of Appeals.

First cases will be argued Thursday. Until they have their own chambers, the judges will preside at borrowed quarters in Detroit, Lansing and Grand Rapids. The judges will serve in the geographic locations from which they were elected in November.

Today's Chuckle

We may complain about the heat in the summer, but at least we don't have to shovel it.

SIX CREWMEN were killed in a collision of Baltimore & Ohio and Erie Lackawanna freight trains in Sterling, Ohio, near Wooster. Eight diesel units were wrecked and 47 cars derailed. Fuel tanks on the locomotives exploded into 150-foot-high flames. (AP Wirephoto)

Strike Ties Up Over 200 Ships

NEW YORK (AP)—Top officials of the Longshoremen's Union, seeking a quick end to the Atlantic and Gulf coast dock strike, have launched a campaign to get members in the Port of New York to vote again and approve a contract they rejected by a slim margin.

The rejection triggered the strike by 60,000 members of the AFL-CIO International Longshoremen's Association in ports from Maine to Texas.

An estimated 200 ships are tied up in ports. More are expected to arrive today.

Estimates of losses to the national economy, including effects on related industries, range from $20 million to $25 million a day.

Union leaders and Asst. Secretary of Labor James J. Reynolds say the contract was rejected here last Friday because the rank-and-file misunderstood the contract.

A campaign to sell the contract to the men was decided on at an ILA executive council meeting Monday, first day of the strike.

Union officials went to ILA locals here to find out the reasons for rejection, to explain the advantages of the contract and to get a new vote among the 24,000 longshoremen.

ILA President Thomas W. Gleason said he had heard reports of "agitators telling lies to the men." He said he did not know who the agitators were.

Lawmakers And Romney Confer

LANSING (AP) — Gov. George Romney discussed areas of legislative need with Republican leaders Monday, completing his rounds of pre-legislative items" but wouldn't say what had been discussed.

He declared that no specifics had been brought up or commitments made, the same comment offered after a previous talk with the GOP and after two talks with Democrats.

The Associated Press learned that the two-hour talk centered around such areas as workmen's compensation, mental health, education and traffic safety.

On hand for the Republican legislative minority were Senate minority leader Emil Lockwood; Senate floor leader Garry Brown; Rep. Robert Waldron, expected to be named House minority leader at a GOP caucus today, and Rep. Arnell Engstrom.

Republicans agreed next time they'll meet jointly with Romney and the Democratic legislative leadership rather than separately as during the December-January meetings.

Straits Railway Hearing Starts Again March 16

LANSING (AP) — Interstate Commission hearings on proposed abandonment of three railroads' facilities in Northern Michigan will resume March 16 in Washington D.C., Atty. Gen. Frank Kelley said Monday.

The Pennsylvania, New York Central and Soo Line railroads propose to abandon the Straits of Mackinac rail car ferry and 300 miles of track between Grand Rapids, Gaylord, and Mackinaw City.

At the coming phase of hearings, the rail lines will try to rebut the state's contention that the facilities in question are profitable to the companies and that abandonment will hurt Northern Michigan's economy.

County Road Chief Elected

Hilding Norstrom of Gladstone, member of the Delta County Road Commission for the past 20 years, was elected chairman of the Commission at the annual meeting held Monday.

Norstrom has served on the Road Commission by appointment by the Delta County Board of Supervisors since Jan. 1, 1945. Elmer Klasell of Escanaba, stepping down from the chairmanship, will serve as chairman pro-tem. Third member of the Commission is Earl Paquin of Gladstone Rte. 1.

William J. Karas was reappointed superintendent-engineer of the Commission, and George Rappette assistant superintendent.

At its business session the Commission accepted bids to supply the County Road Department with gasoline, diesel fuel and heating oil for the year.

The low bidders were: Mobil Oil Co., 13.8 cents per gallon, lowest of three bids received, for total of 130,000 gallons during the year.

Standard Oil Co., 11.95 cents per gallon for 50,000 gallons of diesel fuel, and the same price for 15,000 gallons of heating fuel, the lower of two bids received.

Hilding Norstrom

Parent-Teacher Meet Planned

CARNEY — Parent - teacher conferences for grades K-6 will be held on Friday. Principal purpose of the confeernce is to build a feeling of common interest in the welfare and development of children.

Ten minute appointments have been scheduled. Both father and mother are welcome.

There will be no school for children in grades K-6 on Friday. Junior and senior high school students will complete their exams at 11 a. m. on Jan. 15 and will be dismissed at that time. No hot lunch will be served on Friday.

Emphasis Put On Schools In Poverty Areas

(Continued from Page 1)

new instructional materials in all fields.

—State agencies: $10 million to strengthen state educational agencies, and help them identify emerging educational problems, formulate long-range plans, and expanded education research and development.

The total price tag of $1,665,000,000 is for one year only, although some programs are scheduled for three years and others five. Administration sources declined to forecast what will be asked for in the years ahead, but many Washington sources believe the annual cost will soon be in the $3-billion to $4-billion range.

Keyed To Census

An administrative source said the $1-billion program of assistance to public elementary and secondary schools, the showpiece of the President's message, would be allotted on the basis of Census Bureau figures.

The Census Bureau has a count, by counties, of the number of families in each state earning $2,000 a year or less. There is nothing sacred about that $2,000 figure, the administration source said, and it may go either up or down in future years.

Although the money will go only to public school districts, he said, "every encouragement will be given the public and private schools to work together."

All new programs, he said, must be designed for the children of the poor, although there inevitably will be a lap-over to the children of some families better off.

And, so long as the program is under public school auspices, he added, it can be made available to students in non-public schools.

As examples of possible cooperation, he cited bookmobiles and mobile science laboratories in rural areas, language labs, summer schools, remedial reading programs, and programs of vocational education.

Pledges Required

The education centers need not be a project of the public schools, the source said, but can be a joint venture of public and private schools in both planning and administration.

He said school districts seeking assistance under the billion-dollar program must pledge not to reduce their own expenditures for education.

States must make the same sort of pledge if they want to participate in the library and textboook purchase program.

The source emphasized that the Civil Rights Act of 1964 applies to all these programs, just as it does to every other expenditure of federal funds — the money can't be used for activities where racial segregation and discrimination are factors.

Pilot Perishes, Stays In Plane To Save Homes

FREMONT, Calif. (AP) — Courage and luck were on the side of Navy Cmdr. Henry T. Stanley when his T33 jet trainer developed mechanical trouble Monday above a Fremont residential area. But fate was against him.

Cmdr. Stanley passed the courage test. He stayed with his plane past the safety margin — trying to avoid hitting homes. And he died.

But luck placed the crashing jet in a vacant lot, directly in the heart of a bustling neighborhood crowded with hundreds of school children headed home.

Craft Explodes

The plane exploded, scattering debris. Lou Ann Endicott, 7, was so close she was spattered with mud.

"It took a hell of a lot of guts and a hell of a lot of luck," a Navy spokesman said.

Stanley, 39, had only seconds to make a decision when it was evident the plane would crash.

He ordered his copilot, Lt. Cmdr. Harford Field, 35, of Mobile, Ala., to bail out at 2,500 feet. Field saw Stanley aim the aircraft toward Mission Peak, a mountainside with no homes, and then eject himself. Stanley's chute never opened.

"Cmdr. Stanley deliberately stayed with his plane until the last minute," the Navy spokesman quoted Field as saying.

Down below, Lyle Nevels, 23, a hatchery worker, looked up when he heard an explosion. He apparently heard the pilot eject himself.

High School Missed

"I saw something that looked like a bird, and it disappeared," Nevels said. "Three of us went to look. We saw something that looked a tractor part. There was a body in it."

Stanley's body was still inside the ejection unit. Nevels estimated the flier was at about 2,000 feet when he ejected.

The jet's canopy was found on a rooftop, half a mile from the crash scene.

The lot where the aircraft crashed was a little larger than a football field.

Fremont policeman William Ehlen watched the plane skim over rooftops, narrowly miss Mission San Jose High School, then nose downward when it lost its speed.

"The plane just seemed to stop in the air, tip nose-down and then crash," Ehlen said.

Stanley, commissioned a Navy flier in 1945, is survived by his widow, Mary, and their three children, Henry T. III, 12, William J., 10, and Barbara, 6. They live in Alameda.

Soo Builds Fund For Girls' Dorm

SAULT STE. MARIE (AP)— "What red - blooded American citizen won't want to buy a brick in a girls' dormitory?"

Mike Flanders, president of the student council at the Sault Branch of Michigan Tech, hopes the answer is none.

The school long has been predominantly male with 85 girls out of 706 students this year. That's not unusual, because the school specializes in mining engineering.

However, to bring in more coeds, the college is planning to build a new girls' dormitory providing housing for 35 to 50 women students. That, along with plans to add degrees in business administration, biological sciences and medical technology, is expected to bring some girls to where the boys are.

However, the college has no building fund so the Sault Chamber of Commerce launched a $200,000 fund drive to build the girls' dorm. At latest report, the drive was just short of $186,000, with about two weeks to go.

Enthusiastic about the idea of bringing in more coeds, the student council plans to sell 10,000 bricks in the proposed new dormitory at one dollar each.

The big brick sale will kick off Friday, with the students giving donors a big red button with a picture of the brick.

Flanders said he hoped the 600 students could raise money for 10,000 bricks in the girls' dormitory in one day. "This is one idea you simply can't knock," he grinned.

Sportsmen Club Meeting Held At Hermansville

HERMANSVILLE — Twenty members of the Hermansville Sportsmen's Club turned out for the first meeting of the year, held recently at Rodman's dining room. The new officers were in charge of the meeting, John T. Malone, president, Edward Arnold, vice president, Frank J. Rodman, secretary, Richard Whitens, treasurer, and Jesse W. Yale, sergeant-at-arms. Outgoing officers included Lloyd Paquin, president, Rodman and Whitens.

Malone gave a report on the rabbit hunt held before the holidays. The members authorized the raising of dues from $1.50 a year to $2 a year and each member will receive a shoulder emblem. The group voted to change the name of the club to the William Anderson Sportsmen Club of Hermansville, in honor of the first president of the 11-year-old club.

A membership drive was discussed and will be held in March and April. Efforts will be made to obtain the fish biologist from the Crystal Falls office for the February meeting.

Holy Name

The Holy Name Society of St. Mary's parish, Hermansville will hold a monthly meeting in the parish hall, Wednesday, Jan. 14, at 8 p. m.

Volcanoes and earthquakes are the forces which continually change geography. They can create mountains, divert rivers, form lakes, sink islands or bring them into being — and level cities.

Mary Meighen Dies In Seattle

Miss Mary S. Meighen, prominently known retired educator and co-author of many textbooks, died recently in a Seattle, Wash., hospital, following several years' illness, Mrs. Michael B. Jensen of 602 Lake Shore Drive, a close friend, has been advised.

Miss Meighen was supervisor of elementary schools in Escanaba from 1924 to 1946.

Funeral services were held at Our Lady Chapel, St. James Cathedral in Seattle, and burial was in Holyrood.

Miss Meighen was born in Le Sueur, Minn., and received a master's degree in education from the University of Minnesota. She held several elementary education posts in Minnesota before coming to Escanaba. She moved to Seattle 15 years ago and later taught at the Highlands Private School.

Miss Meighen's co-author on many books and series was Marjorie Pratt of Spokane. She also did some writing with her sister, Alice G. Meighen, also a retired teacher, with whom she resided at 1105 Spring St.

The sister team became widely known for their common interests, despite the fact that much of the time they were "competitors", writing for different publishing companies. Miss Mary Meighen's publishers included Lyons & Carnahan, the Singer Publishing Co., Ideal Publishing Co. and John C. Winston Co. Miss Meighen's co-authorship included a series on phoncis. Another series with some 40 books included, is entitled "Easy Growth in Reading" and is used widely in the Seattle Public Schools.

The former Escanaban was active in St. James Cathedral and was a member of the Washington Athletic Club and Quota Club.

Her sister is her only immediate survivor.

Anthony Chapekis Suffers Severe Heart Attack

Anthony Chapekis, 808 Ludington St., widely known resident of Escanaba, suffered a severe heart attack and is listed in critical condition at St. Joseph Hospital in Ann Arbor.

Mr. and Mrs. Chapekis had gone to Lower Michigan to spend the holidays with members of their family in Detroit and Ann Arbor, and were planning to continue on to Florida for the winter months, when he became ill.

Mr. and Mrs. Chapekis are the parents of Nicholas P. Chapekis, Delta County prosecuting attorney, and Atty. James Chapekis, Escanaba.

Bark River

4-H Meeting

Harris 4-H Handi-Stitchers will meet Thursday at 3:30 p.m. at the high school. Leaders ask that parents pick up their children promptly at 5:30 p.m.

Dr. N. L. Lindquist

Name Hospital Medical Staff

Dr. N. L. Lindquist of Escanaba heads the medical staff at St. Francis Hospital for the year, succeeding Dr. C. J. Olson of Gladstone.

He is president of the executive committee and committee on the Joint Commission on Accreditation of Hospitals, with Dr. J. R. Dehlin the vice president for the year. Dr. Lindquist is a past president of the Delta Schoolcraft Medical Society.

Dr. T. L. Bash is secretary-treasurer of the St. Francis Hospital executive committee and committee on J. C. A. H., with Dr. D. N. Fitch, medicine; Dr. O. S. Hult, surgery; and Dr. W. A. LeMire, obstetrics.

Other department heads are Dr. R. E. Ryde, urology; Dr. H. Q. Groos, orthopedics; Dr. R. L. Hockstad, pediatrics; Dr. R. E. Berry, pathology; Dr. J. E. Gordon, blood bank; Dr. N. J. Theisen, radiology; Dr. D. H. Boyce, eye, ear, nose and throat; and Dr. F. C. Anderson, electrocardiogram.

Dr. A. A. Whipple heads the credentials committee; Dr. R. L. Hockstad, library; Dr. G. D. Maniaci, death discussion and clinical pathology; Dr. J. E. Gordon, tissue; Dr. D. N. Fitch, medical records; Dr. T. A. McInerney, infection; Dr. D. F. LeMire, pharmacy.

Trooper Retires

GRAND HAVEN (AP) — Cpl. Roy Collins of the Grand Haven post will retire Feb. 19 after more than 25 years of service the state police announced. Collins joined the state police in 1939 and has three citations for meritorious service.

Detroit Hotels Back To Normal

DETROIT (AP) — Detroit's hotel services returned to near normalcy today with settlement of most of a five-day-old combined strike and lockout dispute.

Only the Statler-Hilton, of the nine hotels involved, declined to accept an agreement reached Monday between 2,500 union employes and the Detroit Hotel Association, spokesman for managements.

The Statler-Hilton, whose maids, porters and other unionized employes remained on strike, sought further independent negotiations.

The settlement arrived in time to assure the bulk of 10,000 convention delegates of the American Society of Automotive Engineers of most of the large and small favors a hotel guest expects.

Mayor Jerome P. Cavanagh, who had expressed concern for Detroit's reputation, participated in the successful negotiations, capped by a union rank and file 718-22 acceptance vote. Cavanagh said heas pleased.

The Hotel and Restaurant Workers and Bartenders Union won their $1 an hour and $1.50 an hour wage demands—to be achieved on a step-by-step basis over a three-year period.

The pay is to go up by various amouts at stated periods until the $1—for tipped workers — and $1.50—for nontipped workers—is attained on Dec. 1, 1967

Wages for the remainder of a four-year contract will be hooked to the government's cost of living index.

Before the settlement, the maids, a nontipped group, received $1.16½ hourly. There are 67 categories of hotel employes.

One of the negotiators behind the scenes turned out to be a Teamsters Union man — Frank Fitzsimmons, a Teamster international vice president.

The Teamsters' multibillion dollar Central States, Southeast and Southwest Pension Fund has a financial interest in one of the hotels, the Embassy.

Youth Center Closed Tonight

Club 314 will be closed tonight because both Holy Name and Escanaba high school basketball teams are playing home games. The Webster Youth Center will be open.

The used skate market at Club 314 will be closed tonight but will be open Thursday and Friday from 7 to 9 p. m. and Saturday from 2 to 4.

Munising Plans Snowmobile Fete Next Sunday

"We are always looking for a 'first' and are quite happy when we find one," says John Compana of Munising.

A Snowmobile Jamboree is to be held at the Forest Inn Hill, 2 miles west of Munising on M-28 on Sunday, Jan. 17, at 1 p.m. Races, hill climbs, dealer demonstrations and all-round fun are on the agenda. The Alger County Chamber of Commerce and J.C.s are involved in this affair.

"We hope it becomes an annual event, although some feel that it can be held several times a year in one locality."

Sure.
You might find another car as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through.
Styling is new. So new, not a line nor a highlight was borrowed from last year.
Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horses strong.
Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds.
New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, *all new*. Other cars have a lot of catching up to do.

Crash Driver Wrecks Office

An Escanaba motorist who police said was driving at least 60 miles an hour skidded out of control at Ludington and Stephenson and crashed into the Beck Plumoing office at 1700 Ludington at 2:30 a.m. today.

Patrick J. Koeller, 20, 1213 3rd Ave. N., was charged with leaving the scene of a property damage accident and reckless driving.

In Municipal Court today he pleaded guilty to leaving the scene of the accident and denied the reckless driving. He was released on $100 bond for hearing in court on the latter charge Wednesday afternoon.

Police reported that Koeller skidded 133 feet off Stephenson Ave. onto Ludington at a high rate of speed, crashed through the front of the Beck office and went 36 feet to the desk on the rear wall of the office. Fixtures in the office were damaged and destroyed.

Koeller then backed out of the office, went south on 18th St., and was located and arrested by police in the 1200 block, 4th Ave. S. His trail was easy to follow. His car had two flat tires and it was dragging a concrete block beneath it.

IN AND OUT went an automobile operated by Patrick J. Koeller, 20, of Escanaba, wrecking the interior of the Beck Plumbing office at 1700 Ludington St. early today. Koeller skidded in through the plate glass window, backed out through the hole, and was taken into custody several blocks away. (Daily Press Photo)

Sir Walter Raleigh was executed for shedding Spanish blood and encroaching upon Spanish territory after agreeing not to do so.

Monthly Shoot And Banquet Will Be Held Wednesday, Jan. 13

Mrs. Nelson Formerly Of Gladstone, Dies

GLADSTONE — Mrs. Erick Nelson, formerly a resident of Gladstone, died in Chicago on Saturday evening. She was 70 years old and death was unexpected.

Mrs. Nelson, the former Elsa Kallerson, is survived by her husband, three daughters, two sons; and one sister, Mrs. Isaac Swanson, and two brothers, Torval and Ragnar Kallerson, Gladstone.

The body will be brought to the Erickson Funeral Home, Iron Mountain, where funeral services will be held at 3:15 p.m. Thursday. Burial will be in the Fernwood Cemetery at Gladstone on Saturday.

Columbus introduced cattle into the New World on his second voyage in 1493.

Driver Flees Wells Mishap

The Delta County Sheriff's Department continued investigation today into a weird set of circumstances by which a 1957-model car wound up in George Perle's front yard in Wells Monday.

Deputies said the car was going northeast on Electric Ave., in Wells and failed to negotiate the curve at the "A" Street intersection about 2:15 a. m., Monday.

The car ran off the right side of the road, leaped 27 feet over a snow bank, bounced 15 more feet over a drainage ditch, continued on to careen off a cement block, bounced off a tree and stopped 35 feet from the tree in shrubbery in Perle's yard. Deputies said the driver, apparently uninjured, fled the scene and that Perle reported the car in his yard at 6:30 a. m., Monday.

Owner of the car, Charles H. Burton of 806 Dakota Ave., Gladstone, told officers that it has been used recently by his son, Charles Ray Burton, 28, and his wife of 1221 Dakota Ave., Gladstone.

Both Charles R. and his wife denied knowledge of the accident, deputies said. Charles told police that his wife had driven him to Escanaba at 7 p. m., for a labor union meeting and returned to Gladstone at 8 p. m., parking the car at home. He told police he hitched a ride home at midnight and was not aware of the accident until contacted by deputies.

Not Auto Victim

DETROIT (AP) — A man found lying in a Detroit street Sunday and assumed by police to be a hit-run auto victim was found today to have been stabbed to death. The victim, David Yokum, 45, had been stabbed in the chest and back.

At the outbreak of the War Between the States, General Robert E. Lee was offered supreme command of Union forces but declined.

Club Honors Mrs. Magnusson

ENSIGN—Mrs. Alma Magnusson of Ensign was honored recently by the Ensign Birthday Club. Attending were Mrs. Esther Mathison, of Escanaba, Mrs. Henry Lundberg, Mrs. Wayne Christoff, Mrs. Ida Peterson, Mrs. Emily Olson, Mrs. Carl Anderson, Mrs. Robert Olson, and Mrs. Wallace Birk. The club presented Mrs. Magnuson with a gift and a birthday cake, baked and decorated by Mrs. Birk. In the evening, Miss Lily Hansen and the Oswald Hansen family gathered at the Magnusson home for a family celebration.

The Birthday Club will hold its next meeting Jan. 20, the birthday of Mrs. Emily Olson.

Obituary

MICHAEL RUDDEN

Funeral services for Michael Rudden were held today at 10 a. m., at St. Thomas Church with Fr. Arnold Thompson officiating. Burial was in Holy Cross Cemetery. Pallbearers were John Pratt, Carl Eastman, Lester Millette, Wallace Viau, Gordon Nevela and Robert Grabowski.

WILLIAM A. NORDEN

Services for William A. Norden were held at 2 p. m., today at the Allo Funeral Home chapel with the Rev. Ben Helmer officiating. Burial was in Lakeview Cemetery. Pallbearers were Clinton Strom, Francis Paulin, Walter Kasbohm, Eddie and Richard Palequin and Phillip Robinson. Military rites were conducted by veterans with Archie Wood, chaplain.

Women Planning

DETROIT (AP) — Sixty representatives of major women's organizations will meet in Detroit Thursday to plan the role of women in the 12th annual observance of the May 16-22 Michigan week. Mrs. Lee Murray, women's director of Detroit radio station WJR, is chairman of the Michigan Week Council of Women's Organizations.

Death Takes Howard Nebel

Howard Oliver Nebel, prominent Gladstone resident, died this morning in a Marquette hospital after a short illness. He was 71.

Mr. Nebel was born in Gladstone May 12, 1893, the seventh in the Charles Nebel family of ten children. He attended Gladstone schools and was graduated from Gladstone High School in 1911.

An outstanding athlete, he played fullback on championship teams and won many honors as a track star. He attended the University of Michigan and was on the all-freshman university team. He continued his athletic activities in semi-professional ranks in the Upper Peninsula.

He was the surviving member of the firm of Nebel Brothers Construction Co. Buildings, roads, streets and public facilities, both local and state construction projects, represent their constructural activity.

He is survived by his wife; one son, Robert, Munising; three daughters, Mrs. A. J. (Eileen) Price of Royal Oak, Mrs. Walter (Patricia) Wagner, Allen Park, and Mrs. Patrick (Nan) O'Hara, Ypsilanti; 12 grandchildren; one brother, Judge R. W. Nebel of Munising; two sisters, Mrs. U. John (Gladys) Noblet, Houghton, and Mrs. Beatrice Helmick, Brea, Calif.

A double funeral for the eldest member of the family, Mrs. Ann Fauerby, and her brother will be held Thursday at 3 p. m. at the Kelley Funeral Home in Gladstone. The Rev. D. Douglas Seleen, pastor of First United Presbyterian Church, Escanaba, will officiate. Burial will be in Fernwood Cemetery. Friends may call at the funeral home beginning Wednesday afternoon.

Car-Train Crash Takes Life Of Mrs. J. L. Greene

(Continued from Page 1)

after leaving their home near Carroll's Corners, police said.

Mrs. Greene was born Nov. 30, 1904, in Sabin, N. D., and her marriage took place June 18, 1938, in Detroit Lake, Minn. She had lived here since 1949.

She was a graduate of Moorhead High School and attended Fargo, N. D., State College, where she affiliated with Sigma Alpha Iota, national music sorority, and Gamma Phi, national.

She was a member of First United Presbyterian Church, was extremely active in Girl Scouting and was a member of Escanaba Woman's Club.

Besides her husband she is survived by six sisters, Mrs. Fred Scheel, Fargo; Mrs. Clarence Jacobsen, Sabin; Mrs. Gunnar Johnson, Des Moines; Mrs. Walter Altenbendt, Park Rapids, Minn.; Mrs. Standford Oksness, and Mrs. Harry Curtis, Fargo; three brothers, Edward and Edwin Benedict, Moorhead and George, West Los Angeles, Calif.

The body was taken to the Boyce Funeral Home. Arrangements for services will be completed later today.

Escanaba River Flies Only Plan Seems Popular

Glenn Gregg, Upper Peninsula manager of the Michigan Dept. of Conservation, said Monday that a stream survey on the Cedar River would "definitely" be initiated this spring to determine what, if anything, can be done to improve fishing on the river.

The survey was promised on a "high priority" basis for 1964 but was postponed because of lack of funds.

Gregg, along with Dr. Howard Tanner, chief of fisheries, and Dr. Wayne Tody, species management officer for the department, were in Escanaba Monday and met with 15 sportsmen and conservationists at District headquarters to discuss the Cedar River.

Gene Peterson of Carney, avid fishermen and sportsmen, said, "We have a real resource here that has been neglected and, perhaps, mismanaged.

Going Downhill

"The lower Cedar was a good bass stream," he said. "Further upstream trout fishing used to be excellent. In the past 10 years it has gone steadily downhill. It's time we get some action."

Gregg told the group that the time of promises is "about to come to an end and action is going to take hold."

"We are presented with the obvious fact that there has been good fishing here and now are faced with the problem of what has happened."

Dr. Tanner said that once the stream survey is completed the deaprtment will have to analyze the data before undertaking any corrective programs.

He said there could be any number of reasons for the decline of fishing in the Cedar River, including low lake and stream water levels, increased populations of "rough" fish and fishing by more people.

In the evening more than 100 sports fishermen and conservationists attended a meeting in the council chambers, City Hall, at which the Conservation Department Fish Division officials heard testimony on a proposal for a "quality" fishing program for trout on the Escanaba River from Boney Falls down to the upper backwater of Mead Dam No. 3.

Would Raise Size Limit

The "quality" fishing program usually consists of restriction of fishing to artificial lures only and raising the legal size limit of trout.

The hearing was asked by Delta County trout fishermen seeking a "flies only" fishing experiment here.

The Legislature has autorized the Conservation Department to introduce such a program on 100 miles of Michigan streams. The Department hopes to have 50 miles of such fishing established by opening of the 1965 season. The program is designed for conditions where fish growth is favored by natural conditions, but not reproduction. Such conditions usually are found in the lower reaches of streams.

The "quality" fishing program is part of the Department's effort to phase out its planting of legal size trout and concentrate on stream improvement and the planting of smaller trout.

Artificial lures for "quality" fishing include a single shank hook bait, with the hook a single, double or treble barb point. This would include flies, spoons and other artificial baits.

More persons spoke in favor of the experiment than in opposition. Some spoke against the idea, preferring continuation of the present method of using natural baits like worms and insects, frogs, fish eggs, etc., and some opposed the large area proposed. Dr. Tanner said that the area rule could be adjusted.

Petition Opposes Plan

Some expressed fear that it would bar children from fishing and some that it would affect elderly fishermen adversely. Answers explained that the plan might lower the poundage of fish caught, but that it would increase the sport and the chance of catching larger fish.

Jack Berg presented a petition with more than 80 names of persons opposed to the program. He showed the panel catches of large fish which he and friends had made under the present regulations to show its productiveness.

The tone of the meeting appeared generally in favor of the "Quality" fish program. The panel of officials who heard the testimony will make a recommendation to the State Conservation Commission which will make a decision on the proposal.

After the hearing Dr. Tanner talked about the exotic fish to be planted by the state — the Kokanee salmon and Coho salmon. They will be planted in Great Lakes waters if inland lake breeding experiments downstate are successful. The Kokanee live four years and die. The Coho is a fish eater and should do well on the trash fish in the lakes, said Tanner and should furnish fishing similar to that for steelheads.

Dr. Tody spoke about the splake, a hybrid between the book and lake trout, which is difficult to produce in quantity, but which grows rapidly and is hardy and provides exciting fishing.

Mecca always has been absolutely closed to non-Moslems, who risk death if detected.

Japan Premier At White House

WASHINGTON (AP) — President Johnson and Japan's Premier Eisaku Sato open strategy talks today on U.S. policies in the Far East and Communist China's efforts to cut American influence in Asia.

Because of cold weather, the President arranged a late morning ceremonial welcome for the 63-year-old apanese leader in the White House East Room.

This was to be followed by a 90-minute conference in the President's office with Secretary of State Dean Rusk and Foreign Minister Etsusaburo Shiina also attending.

Both nations attached high importance to the meeting. Rusk called it an opportunity "to do a lot of wood chopping."

NOTICE

The Republican Party County Committee, pursuant to and in accordance with the Michigan Election Law, does hereby issue its call for the holding of the Delta County Republican Convention at 7:30 P. M., on Thursday, January 28, 1965, at the Sherman Hotel, Escanaba, Michigan.

The delegates to this convention shall be the same as those elected to the Fall County Convention in the September, 1964, primary.

Delta County Republican Committee

SUCCESS NEWS! AMBASSADOR BY RAMBLER

Sales up 110%...greatest increase of any 1965 car!

Read the reasons why:

Ambassador 990-H Hardtop

reason one:
Advanced Styling. Ambassador's glamorous new styling came out *first* against all direct competitors in a survey at the first major show of 1965 cars. Look at the sweepingly changed Ambassador. Spectacular new size and length. New power, including big V-8 options, other sporty options like wire wheel covers, reclining bucket seats, and other sports equipment.

reason two:
Extra Value. The '65 Ambassador keeps all the solid Rambler virtues and extra-value features such as: Double-Safety Brakes (separate systems, front and rear), Deep-Dip rustproofing, Advanced Unit Construction, Ceramic-Armored exhaust system, Coil Spring seats, Weather Eye Heating and Ventilating and more—all standard at no extra cost!

reason three:
Low Maintenance Costs, High Resale. The Ambassador, like any Rambler, makes sense when you buy it, returns more in trade. You'll find all the reasons "why" in the '65 Car X-Ray Book. 48 pages with side-by-side comparisons of leading '65 cars. Can save you hundreds of dollars in the purchase of your next car. Free at your Rambler dealer.

American Motors—Dedicated to Excellence

The 3 Sensible Spectaculars—RAMBLER '65

AMBASSADOR—Largest and Finest of the New Ramblers • CLASSIC—New Intermediate-Size Rambler • AMERICAN—The Compact Economy King

Big One For 1965

No decision looms larger for the Escanaba City Council in 1965 than the one on downtown renewal.

First phase of this renewal is generally acknowledged to be provision of adequate parking space in the shopping district.

Over a period of several years there have been deliberations on this subject by the retail merchants of the city and by the City Council and there have been some conferences between the two groups on it. The Escanaba Chamber of Commerce has also interested itself in the subject and it has been a prime consideration of the Escanaba Planning Commission, which is the unpaid planning organization created by Council to advise it on wise policy in public works.

Council has received from the Planning Commission a request that it hire a planner to tackle the rehabilitation of the city's downtown area and the reaction of Council has been favorable. It now remains to get action.

★ ★ ★

City Controller Frank Bourke recently reported to City Manager George Harvey on the history of efforts to meter parking space in the shopping district. He cited in the course of his report the statement of Elmer Kreiger, Milwaukee planning consultant, to the City Council in 1963 that "offstreet parking in downtown Escanaba is plentiful compared to many other cities."

The Press believes that if Escanaba develops its parking policy on the basis of what's available elsewhere and how we compare, it will be on the way to serious and costly error. The problem is local, it is not related to the problem in other cities and it cannot hope for any public reaction of approval because "things are worse elsewhere."

We are not much impressed with statistics which show that parking lots are not much used at times. We are concerned when the peak usage overflows them and creates an image of shopping difficulties in Escanaba and results in an anvil chorus.

We have not heard the merchants say it, but some of them must reason that the operations of their enterprises are the reasons for the traffic jam, and hence for the traffic meter income. It must seem altogether reasonable to them — and it does to us — that this income should be devoted to the provision of offstreet parking space in easy access distance of their stores.

★ ★ ★

When the city set up its parking meters it ordained by ordinance how the money should be spent. It ordered that money be put aside and held in readiness for the purchase of offstreet parking lots. There have been some purchases of such properties, but no one familiar with the situation would suggest that Escanaba has a dynamic parking lot acquisition program going. We think one is needed as a vital part of a larger program to make Escanaba's retailing district more attractive and more successful.

It is poor policy to be using parking meter income for the construction of curbs and gutters and other public works if this diversion is going to hurt the retail district which generated this income and we think that a good case can be made that it has done this. We are confronted here with a situation roughly parallel to that of the Highway Department, which insists that auto gas and license taxes should be used for road building and maintenance.

★ ★ ★

City Hall should be as concerned as the merchants with the maintenance of the shopping district of the city — and the issue is particularly urgent in Escanaba because the city has such a large part of its economy in merchandising. If the shopping district declines, its property values decline with it and a large part of the city government's income is lost.

This process is so commonplace in America today that many billions are being spent yearly in urban renewal projects by forward-looking cities concerned about their competitive position in the future. The suburban shopping center has become a strong competitor of the central city shopping district, luring merchants with lower taxes and shoppers with lots of parking space.

The Escanaba Planning Council sees rehabilitation of the shopping district as a top priority need of the city. All citizens should support their City Council and city administration in the implementation of a program of modernization because of self-interest. It's needed to keep Escanaba healthy in a commercial way. Let's not get into a debate on parking lot statistics that obscures the desirability of upgrading Escanaba's shopping area and shopping image.

It Still Hurts

The income tax honeymoon is over—temporarily, at least. And the wail of the taxpayer is heard as he begins to read the fine type in the tax cut that pleased him so much last year.

The joker in the tax deal is that when the cut took effect last March the withholding rate was reduced more than the tax itself.

This had the delightful effect of making the increase in take-home pay more than the actual tax cut justified. But it is now bringing about a distressing discovery by many people as they sit down to figure out their 1964 tax bills.

They are finding that in reality they have been advancing themselves money each pay day, and that they now have to make it good as Uncle Sam wipes off that smile and becomes all business.

For millions of taxpayers the 1964 tax refunds will be smaller or the tax bill greater than anticipated. Researchers have found this does not make for dancing in the streets.

Hymns Fade

One by one, the stalwart old hymns millions of churchgoers have sung so lustily for so many years are biting the dust.

The latest casualty is "Nearer My God To Thee." It has been dropped by the Church of England from a revised version of its hymn book.

The literary adviser for the revision evaluated the famous old hymn—written in 1856 and a favorite ever since—as "sentimental, of course, but doctrinally vague."

Also dropped from the revised hymnal is another old-timer long on the theological hit parade: "From Greenland's Icy Mountains." The literary adviser for the new hymnal felt this one had "imperialistic connotations."

A third old standby, "I Want to Be Like Jesus," also was scrapped.

Without presuming to second-guess the experts on the theological reasons for killing these old favorites, many of us who have sung them so often cannot help but feel that many a troubled soul may have derived fresh courage and comfort from their words and music. It is to be hoped the hymns which replace them will be as effective.

All Systems "Go!"

Families Aid GOP

WASHINGTON — (NEA) — When the House of Representatives convened on Jan. 4, there were many open stretches of seats on the depleted Republican side of the chamber. Noticing that several GOP congressmen had brought their children along, an observer noted:

"They've got so much room they can bring their families with them."

Answered a companion:

"Families? They've got enough room to bring their constituents!"

★ ★ ★

During President Johnson's holiday stay at his Texas ranch, most of his key staff people were with him as he shaped his 1965 plans.

By New Year's Eve, however, many were back at their White House desks. An exception: aide Horace Busby, an old presidential associate.

"Busby seems to be the leading ranch hand."

★ ★ ★

Getting on an elevator recently, a prominent lady mathematician asked the operator to take her to the fifth floor. When the elevator stopped there, she blurted:

"Oh, heavens! I'm terribly sorry. I meant the seventh floor."

The operator promptly whisked the elevator up two more flights and as the lady got off, she apologized again:

"I'm very sorry about my mistake but, after all, they're both prime numbers."

After the announcement of the election of Rep. Gerald Ford, R-Mich., as House minority leader, an observer, mindful of the Republicans' relatively low state following the 1964 elections, commented:

"It matters about as much as the recent election of the president of the National Press Club."

★ ★ ★

Senators receive hundreds of urgent requests from their constituents each year. Sen. Mike Monroney, D-Okla., nominates this one as the most desperate of 1964:

"Dear Sir:

"I'm a seaman second class in the Navy and presently I'm AWOL. Can you help me get a discharge as soon as possible?"

★ ★ ★

The Post Office Department's announcement of its 1965 commemorative stamp issues produced a loud dissent from Rep. Richard Roudebush, R-Ind., who has been campaigning for three years for an issue honoring famed World War II war correspondent Ernie Pyle.

Roudebush was particularly miffed by the decision to issue stamps for the 700th anniversary of the birth of the Italian poet, Dante Alighieri, and the 750th anniversary of the signing of the Magna Charta.

"They're fine gestures, but a little remote," says Roudebush. "Ten million American GIs still remember Ernie Pyle."

The Doctor Says:

No Relation To Cancer

By Dr. Wayne G. Brandstadt

Q—Is palindromic arthritis related to cancer? What is the best treatment? I am taking prednisolone. If taken for a long time, will this drug cause bad side effects?

A—Palindromic arthritis has nothing to do with cancer. It is a recurring arthritis. There are many causes of arthritis and the aim of treatment is to remove the cause if possible, control the pain, and maintain as great a range of motion as possible in the affected joints. Best results are obtained at the hands of a team consisting of a physical therapist, an orthopedic surgeon, a specialist in arthritis and perhaps others, depending on individual circumstances.

Prednisolone, like other drugs of the cortisone group, may cause some waterlogging of the tissues throughout your body. Anyone taking this drug over a long period should have frequent checkups by his doctor. Any unusual symptoms should be reported promptly.

Q—How beneficial for one's health is removal of coating from the tongue? Could this coating favor a virus infection?

A—When you don't eat enough solid foods, such as dry toast or raw fruit and vegetables, the dead outer layer of the tongue piles up to form a coating just as dead layers of skin pile up on any part of the body that is not scrubbed for several days. This is not a disease nor would it cause disease. But it is often associated with an unpleasant breath and a bad taste in the mouth, especially noticeable on arising.

Q—The doctor says my son has Riley-Day syndromme. He falls a lot. What causes this?

A—This condition is characterized by dryness of the eyes, blotchy red patches on the skin, excessive sweating, drooling, emotional instability, indifference to pain and poor muscle control. All victims do not show all of these symptoms. The poor muscle control would account for your son's falling. The cause is not known, but it is believed to be a hereditary disease. There is, I regret to say, no satisfactory treatment.

Q—Do X-ray pictures belong to the patient who paid for them or to the doctor who ordered them?

A—They belong to the hospital or X-ray service that made them. But, if you wish to consult a doctor other than the one who ordered the films, that doctor can view them or obtain a copy of the report from the hospital. Incidentally, what you paid for was not the pictures, but a service which includes taking, developing and interpreting.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

ART AND BEEF

EL PASO, Tex. (AP)—Probably the world's only combination meat market and art gallery is in El Paso at the Crossroads Meat Market. "Andy" Anderson sells sides of beef there and his wife Ferne exhibits her oil paintings on the walls. It's a pleasure for housewives shopping for the week's meat to be able to take in a rotating art exhibition at the same time.

Disciplining Of Children Is Theme Of Book

To spank or not to spank? That is the question that puzzles many young parents. The answer is not simple. What works well for one child or in one set of circumstances may not work well for another or in another set of circumstances.

The object of any form of punishment is to teach your child obedience so that he will not develop habits that are physically dangerous to himself or others or that are socially unacceptable.

Most parents in raising their children follow a pattern that is similar to the one that was used on them (with such commendable results!). The important points to remember are that correction should be prompt and definitely related to his misdemeanor. It must be administered in love and not in anger or impatience, and it should not be so mild as to be meaningless or so severe as to take the heart of the child.

The child who feels that he has been unjustly punished will feel resentment rather than repentance. In addition to this he will feel that he is being rejected by his aprents and his behavior will worsen rather than improve.

This type of vicious cycle will give him a big boost in the direction of juvenile delinquency. When discipline at home fails, the only way to avert real disaster is for the parents to seek help from a social agency or child guidance clinic.

It should not be necessary to punish any well-adjusted child freqeuently. The foundation of good discipline is mutual love and respect.

The inspiration of a good example is a far more powerful incentive than the fear of any from of punishment. So spank occasionally—if by doing so you get a good result but never apply this form of punishment to a child who has reached the age of 10. As your child grows older, reasoning with him or withholding privileges is much more effective.

Statistics Listed

EAST LANSING (AP) —Michigan State University's Bureau of Business and Economic Research has completed the fifth edition of the Michigan Statistical Abstract—93 pages larger than the two-year-old edition it updates. The new abstract has 425 pages of figures on population, utilities, transportation, finance, income, education, employment and many other fields.

STARS GUIDE LAB

NEEDHAM, Mass. (AP)—The stars, navigational aids to ships of the past, will be used to steer a National Aeronautics and Space Administration observatory which will circle the earth in a 500-mile-high orbit.

The unmanned spacecraft will have a device which transforms light rays into electric currents. The currents will be electronically processed into signals which will guide the craft on its orbit, according to engineer Philip Schlueter.

Schluetter is employed by Sylvania Electric Products Inc., which is developing equipment to be carried aboard the orbiting lab.

The lab will process its observations of cosmic targets and store them in a memory unit for later transmission to ground stations.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Henry Orschel of Cooks has been named chairman of the Schoolcraft County road commission at the reorganization meeting held at Manistique yesterday.

Miss Rosa Boeckl, a teacher in the elementary grades in Waldassen, Germany, is in Escanaba at present observing teaching methods in this country. She gave an interesting talk to a group of fifth graders at Jefferson School yesterday morning.

Escanaba's banner building boom of last year, will not be repeated this year, a building report indicates. In fact it will be about $200,000 less than last year. But this is because of much public building and several large factory buildings. Resident construction to all indications will be greater than last year.

Twenty Years Ago

State Senator Warren G. Hooper of Michigan, who had been a key witness in the investigation of bribery in the Michigan legislature, was found shot to death in his burning car.

Fire of an undetermined origin caused extensive damage to the house at 612 Third Ave. S., occupied by the Guy Barbeau family.

Mrs. C. A. LaFave was elected president of the guild of All Saints Church, Gladstone, at the Guild's annual meeting yesterday. She succeeds Connie Stock.

Thirty Years Ago

Mrs. John Semer is returning to concert work after a long absence due to slow convalescense from influenza. She will fill an engagement next week at the Michigan Theater in Detroit.

Vital statistics of Delta County show that 112 more girl babies were born last year than boy babies. There were 416 births during the year.

The Eskymo basketball team, which has been dogged by a jinx all season long, snapped out of it last night and won easily from one of its most persistent nemises — Negaunee, by a score of 40-17.

Questions And Answers

Q—How old is the famous Greek statue Venus de Milo?

A—No one knows but was probably made during the first or second century B.C.

★ ★ ★

Q—Who bought Manhattan Island for $24 in goods?

A—Peter Minuit, a Dutch colonist in America, who was appointed governor of New Netherlands by the Dutch West India Company, landed on Manhattan in 1626 and in the same year purchased it.

★ ★ ★

Q—How fast would a space ship have to travel in order to overcome the force of gravity and leave the earth?

A—The earth's escape velocity is about 7 miles a second, or about 25,000 miles an hour.

★ ★ ★

Q—In what year did Congress first exercise its power to declare war?

A—In 1812. (The War of 1812.)

★ ★ ★

Q—What is the name of the peculiar inner satellite of Mars?

A—Phobos. It is the only satellite in the solar system that goes around the planet faster than the planet turns on its axis.

★ ★ ★

Q—Is there a golden - eyed fly?

A—There is a lace-winged fly of the Chrysopidae family known by this name because in some lights the eyes of the adult seem the color of burnished gold.

Ann Landers

Ann Was Once A Teen-Ager

Dear Ann Landers: I doubt that you will print my letter but I want to have my say, anyway.

Recently the mother of a high school senior wrote to say the boy didn't have much money to spend so he asked his girl over several evenings a week to watch TV. His mother told him he could have the girl over only if he invited another couple since no one else was going to be home.

You told the mother "Absolutely no dice," and added, "What good do you think another couple would do?"

I get the feeling you don't trust teen-agers. We aren't all sex fiends, you know. Chew on this one for a while Ann Landers and give American teens credit for something. — A SENIOR BOY

Dear Boy: You can't tell me much about American teenagers that I don't know.

Because: I was one myself. And I raised one. And I have talked to about a half million teen-agers from the platforms of hundreds of high schools from Seattle to White Plains. I've been reading letters from you teen-agers for almost ten years—intimate, straight from the shoulder letters about the problems many of you are unable to discuss with your parents.

I love you kids and I don't want to see you louse yourselves up. I'm not against you. I'm for you. And this is why I keep belting away on the same old string. I've heard from too many decent, lovely, intelligent teens who somehow got off the track and wound up in trouble. And they weren't sex fiends, either—just uninformed.

This is why I tell you kids not to overmatch yourselves. Don't be so sure you can keep those biological urges under control. And two kids alone in a house—kids who are strongly attracted to each other—are asking for instant trouble.

Nature has rigged things in favor of perpetuating the human race. Nature doesn't care if you're out of high school, or if you can provide financially for a family, or if you care enough about each other to want to spend your lives together. Chew on this for a while, Senior Boy.

★ ★ ★

Dear Ann Landers: Please settle something, once and for all. Is it right or wrong to correct a person who makes a grammatical error or mispronouncing a word?

Last night I corrected a friend who said she was finding it difficult to be ORIENTATED to a certain situation. I said, "You mean ORIENTED, don't you?" She replied icily, "Never mind what I said. You know what I mean, don't you?" She then gave me the dirtiest look I ever saw.

I have always felt correcting a person was an act of friendship but maybe I am wrong. If I ever made such a mistake I'd certainly appreciate it if someone corrected me.

Would it be best to allow these mistakes to go "unnoticed" in the interest of smoother relations? — THIRD EAR

Dear Ear: It really depends on where and how you offer your corrections. Most people resent being corrected in the presence of others.

Unless you can offer the criticism privately, and in a truly constructive and noncondescending manner, it is best to allow the mistakes to go "unnoticed."

★ ★ ★

ANN LANDERS' booklet, "How To Be Date Bait," gives sound and solid rules for teenage dating. To receive a copy, enclose with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

BARBS

Management is too often saddled with employes who are so afraid of doing something wrong that they do nothing at all.

★ ★ ★

Nearly 600 dead in holiday traffic accidents. Wonder what those obscure, Sanskirt words "Drive Carefully" really mean.

★ ★ ★

It's probably a good thing that those people who make a big fuss over a brand new baby can't read its mind.

Women's Activities

Social Club Meeting At St. Anne's Hall

St. Anne's Social Club will have its annual business meeting and monthly social Wednesday, Jan. 13, in the church hall.

The business session at which officers for the new year will be elected will begin at 8 p.m. Attendance is limited to members only.

Mrs. Hubert Boudreau and Mrs. Irving Osby are co-chairmen of the evening. Their hostess committee is Mesdames Fred Boddy, John Peltin, Lucian Malinowski, Earl Delforge, Arnold Wilson, Kenneth Beaudoin, George Frantz, Arnold Taylor, Austin Pouliot, Byron Zeni, Zlama Bouchard, Walter Caron, Rebecca Charlebois, Del LaComb, William Morrow, Charlotte Ouimette, Beatrice Plouff, William Roberge, Frank St. Martin, Richard Stanchina, Charles Peltier, Herman Gregoire and Adolphus Guimond and Miss Mary Lou Beaumier.

Holy Name Talent Show Club Program

Students of Holy Name High School will again exhibit their entertainment abilities when they present their anual Student Talent show at 8 p.m. Wednesday evening in the multipurpose room of the school for the Parents' Club and their friends.

The fast-paced revue, directed by Sister Maria and Robert Brien of the faculty, includes students from all four grades in a wide variety of songs, dances, music, and skits, both solo and in groups. As in times past, a delightful surprise or two will add spice to the parade of familiar favorites, and this year trumpet soloists and a "Peter, Paul and Mary" group make their debut.

Faculty members will be in their home rooms from 7 to 8 for consultation with parents, and a short business meeting will precede the show.

Ladies of St. Anne's parish, with Mrs. Ray LaPorte as chairman, will serve refreshments.

Isabellas Hold Regular Session

Daughters of Isabella, Trinity Circle 362 held their first meeting of the new year last night at the Teamsters Hall, with 55 in attendance.

Draping of the charter for deceased member Mrs. Evelyn Boddy, was held with Mrs. Clinton Groos as organist, who also sang "The Hail Mary" during the draping. Following the meeting lunch was served by chairman, Mrs. Leo Laviolette, and committee. Cards of the players choice were played with prize awards for each table.

The next social will be Jan. 25 with Mrs. John Kintziger, chairman.

MR. AND MRS. Clarence Anderson of 1411 N. 19th St. announce the engagement of their daughter, Rose Mary, to Charles Gene Sarasin, son of Mr. and Mrs. Carl Sarasin of Bark River. No wedding date has been set. (Preston Studio)

Joint Installation For IOOF, Rebekahs

A capacity crowd of visitors and members was in attendance when officers of Impellant Lodge 460 IOOF and Phoebe Rebekah Lodge 179 were installed Jan. 9, in a beautiful and impressive joint ceremony with District Deputy Grand Master Edwin Berquist and Lodge Deputy Marion Lundeen in charge.

Members of the installing staffs were: presidents, Philip Blalock, Midland, Grand Master of Grand Lodge IOOF of Michigan and Mrs. Adelia Rowe, Ironwood, president of the Rebekah Assembly of Michigan; marshal, Vernon Wicklander and Mae Carlson; wardens, Silas McMartin and Laura Wery; secretaries, Herbert Sundelius and Ann Haberle; treasurers, Ralph Besson and Ceil Peterson; guardians, Harold Nygaard and Angeline Hakes, Escanaba, outside guardian of the Rebekah Assembly; chaplains, Wesley Petersen and Gertrude Nichols, Ishpeming, chaplain of the Rebekah Assembly.

Installing ladies were attired in floor length formals in shades of pink and red. Floral arrangements were at the Noble Grands and Vice Grand stations.

A solo, "My Best To You", was sung by the lodge musician, Howard Walker as Noble Grands Francis Bolm and Bertha Brinker were installed. Another solo "My Task", was sung as chaplains Carl Richter and Evelyn Petersen took their stations.

Lodge Officers

Other officers installed were: vice grand, John Breitzman; recording secretary, Runar Norman; financial secretary, Howard Walker; treasurer, Olaf Peterson; warden, Herbert Sundelius; conductor, Silas McMartin; R. S. N. G., Oscar Sedenquist; L. S. N. G., Chester Severinsen; inside guardian, Joseph Wery; outside guardian, Gust Forsman; L. S. V. G., Wesley Peterson; R. S. V. G., Victor Peterson; right scene supporter, Arthur Carlson; left scene supporter, Oscar Carterud; musician, Howard Walker.

Rebekah Officers

Phoebe Rebekah—vice grand, Ruth Nygaard; recording secretary, Doris Pakarinen; financial secretary, Jennie Wicklander; treasurer, Charlotte Speck; warden, Linnea Bolm; conductor, Marjorie Olson; R. S. N. G., Rosemarie Anderson; L. S. N. G., Irma McMartin; inside guardian, Frances Williams; outside guardian, Caroline Sundelius; L. S. V. G., Katherine Williams; R. S. V. G. Saima Miller; musician, Harriet Carlson; finance committee, Jennie Rian, Lydia Desmond, Billie Pearson.

Social Hour

Past Noble Grands of 1964 Carl Sebeck and Donna Peterson were presented with certificates and Donna also received a Past Noble Grands Pin from the Phoebe Rebekah Lodge and a gift from her officers.

Other present and past Grand Lodge officers of Michigan introduced were: Frank Greenfell, Ishpeming, associate chaplain and past associate chaplains, Prior Stanway, Negaunee, Vernon Wicklander and Charles Hammar, Escanaba.

Mrs. Philip Blalock and others from out-of-town were greeted also. A solo "How Great Thou Art" was sung by Rosemary Hakes at the conclusion of the installation service.

A social hour was enjoyed in the lodge dining room with table appointments in pink and green, colors of the Order.

Members of the Impellant Lodge were hosts with John Brietzman and Emil Johnsen, co-chairman.

Party Tonight For Rev. Carlson

Salem Lutheran Church in Bark River is holding an appreciation party for the Rev. Erland Carlson and his family today at 8 p.m. at the church. The program will be followed by a coffee hour. All members and friends of the congregation are cordially invited. Pastor Carlson of Christ the King Lutheran Church, has been serving as interim pastor of the Bark River church.

Personals

Mr. and Mrs. Edward Legault and Mr. and Mrs. Robert Legault of Munising visited their grandmother, Mrs. Alma Sjogren, a patient at St. Francis Hospital.

Pfc. Ralph K. Johnson returned today to his base in Hawaii after spending a 30-day furlough with his parents, Mr. and Mrs. Kermit Johnson, Ford River.

Births

LINDSTROM—Mr. and Mrs. William Lindstrom of Detroit are the parents of a daughter, their second child and second girl, born Jan. 11. The infant, Peggy Ann, weighed 7 pounds and 6 ounces. Mrs. Lindstrom is the former Diane Gollerud of Gray's River, Wash., and the baby's father is a son of Mr. and Mrs. Lloyd Lindstrom of Escanaba.

Split pea soup is delicious made with a ham bone; but sometimes to ring a change, use bone-in pork shoulder instead of the ham bone. When the soup has finished cooking, remove the pork and strain the soup. Slice the meat from the bone and return to the soup.

Color Clinic Held Monday In Escanaba

Escanaba Affiliate 65 of Cosmetologists had a hair coloring program Monday at the Sherman Hotel.

The Areial Beauty Supply Co. was host and Miss Lou and Miss Marie from Green Bay were instructors in color technique session.

Louise Weissert was chairman.

Members atending were: Joyce Keane, Orise Kent, Eva Caron, Louise Weissert, DeLores Malnor, Murial Fry, Cheryle Josephson, Roberta Stevens, Kay Gobert, Eva Romagnali, Alli Salmeen, Lucille Jenkins, Ralph Peterson, Laverne Peterson, Emily DeRouin, Helen Gunkel, Ann Carlson, Phil George, Margie Sviland, Marion Poisson, Judy Usshar, and Gill Bast.

The Senior Luther League will meet at Bethany Lutheran Church Wednesday at 7 p.m. and Choir rehearsal will be held at 8 p.m.

★ ★ ★

Christian Science Society

The way in which the immortality of life becomes a reality for every individual will be explored in the Lesson-Sermon at all Christian Science churches this Sunday. The subject is "Life," and it is keynoted by the Golden Text from Galatians (6:8): "He that soweth to the Spirit shall of the Spirit reap life everlasting."

The theme is amplified by this passage from the Christian Science textbook: "Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 492).

★ ★ ★

First Presbyterian

Wednesday's schedule at First United Presbyterian Church is Sanctuary Choir at 7 p.m., Senior High Fellowship at 8 p.m. and Women's Association Circles, as announced, at 8:15 p.m.

You can vary the temperature (using a meat thermometer) to which you roast beef, but pork should always be roasted to an internal temperature of 185 degrees.

Social-Club

Runeberg Meeting

The Order of Runeberg is meeting Thursday at 7:30 p.m. at the V.F.W. Hall. Lunch will be served after the meeting.

Bark River WSCS

The W.S.C.S. of Bark River Methodist Church will meet Wednesday at 8 p.m., instead of 9 p.m., as first announced.

Eagles Plan Dinner Dance

The Escanaba Aerie of Eagles is making extensive plans for the annual dinner dance at which members of the Auxiliary will be guests. The affair will be held Sunday, Jan. 17, in the Eagles Club. Dinner will be served at 5 p. m. and will be followed by special entertainment in addition to the dance program.

DISCARD THE UNUSED

When you weed out your wardrobe, be ruthless. Don't keep anything you haven't worn for a year or two. Chances are you won't ever wear it again and you can use the closet space for new acquisitions.

V.F.W. Auxiliary Meeting Held Monday Night

The Veterans of Foreign Wars Ladies Auxiliary met Monday evening at the VFW Hall.

Initiated were Bette K. Simons and Irene Lynch.

A thank you letter was read from Pinecrest Medicare Facility for carpet rags and from the V. A. Hospital, Iron Mountain, for lap robes and pocket books. A generous donation for Eaton Rapids National Home to replace lounge furniture in the hospital was approved, as were donations to the Health and Happiness Fund and to the Administration Building.

Reports were given on the successful children's Christmas party and the teen-age dance.

The charter was draped in memory of Ellen Marie Nelson who died Jan. 2. Mary St. Jacques received the attendance award.

Betty Sturdivant and her committee were in charge of the social hour during which colored slides of the Centennial parade and the Big Ole parade were shown by Lewellyn Larson, Post quartermaster.

Laymen Named To Holy Name's Education Board

Francis J. D'Amour, 813 S. 4th Ave., was elected president of the new Holy Name High School Board of Education at a meeting of the board at the school last night attended by the Rt. Rev. Msgr. O'Neil D'Amour, superintendent of schools of the Catholic Diocese of Marquette.

Peter Breclaw, 1800 11th Ave. N., was elected vice president of the board and Victor Groos of Groos was elected secretary. Rodger Murray, 12-14 S. 15th St., and Omer Tanguay of Bark River are the other lay members of the new board.

Clergymen members of the board are the Rev. Fathers Jordan Telles, O.F.M., Stephen Mayrand of Escanaba; Thomas Andary, Flat Rock; and the Rt. Rev. Matt LaViolette, Gladstone. The Rev. Lawrence Gauthier superintendent of Holy Name High School, is an ex-officio, non-voting member of the board.

A new phase of Catholic education here started for Holy Name on Dec. 22 with creation of the first board of education with lay members. Until that time the board was composed of clergymen from the parishes which send students to Holy Name. They include St. Joseph, St. Patrick, St. Ann, St. Thomas, St. Anthony, all of Escanaba; All Saints, Gladstone; Holy Family, Flat Rock; St. George, Bark River; Sacred Heart, Schaffer, and St. Michael, Perronville.

Since Holy Name is a diocesan high school, it was decided not to choose the members of the board on a parish basis, but rather on an area basis. Experience has proved that boards of 5, 7 or 9 members are best suited to carry out education policies and Holy Name's new board will have 9 members.

Monsignor D'Amour told the board that lay participation school boards at the high school level have already been initiated at Loretto Catholic Central High School of Sault Ste. Marie and Bishop Baraga Catholic Central High at Marquette.

Such boards have proven to be especially successful in cooperation with area public school boards and officials in improving the educational climate for all students of the community, said Father Gauthier. "It is the sincere desire of the Holy Name High School Board of Education," he said "to cooperate with local public school officials in arriving at better understandings, as well as common goals, for the best interest of education in this community."

MEMBERS OF THE new Holy Name High School Board of Education include, from left, top: Rt. Rev. Matt LaViolette, Gladstone; Peter Breclaw, Escanaba; Rev. Fr. Thomas Andary, Flat Rock; Omer Tanguay, Bark River; Rev. Fr. Stephen Mayrand, Escanaba; Francis J. D'Amour, and Rev. Fr. Jordan Telles, O.F.M. Escanaba; bottom, Rt. Rev. Msgr. O'Neil D'Amour, Vulcan; Victor Groos, Groos and Rev. Fr. Lawrence Gauthier, Escanaba.

Panama Students Curbed By Guard, Burn U.S. Flag

PANAMA (AP) — Panama's National Guard Monday night rejected a demand by anti-American students, that Panamanian soldiers be removed from the Canal Zone boundary. The students also burned a homemade American flag.

The National Guard so far has prevented student demonstrators from entering the Canal Zone during observance of the first anniversary of the bloody anti-American rioting along the border.

Today is the last day of four days of observances commemorating the 21 Panamanians — mostly students — who died in last year's rioting. Most of the activity has been peaceful, but on Saturday guardsmen used tear gas to turn back students marching toward the U.S. zone.

Fat Fire Fatal

OAK PARK (AP) — Mrs. Grace Hogston, 87, died at her Oak Park home Monday when her clothes apparently caught fire as she tried to put out a grease fire on a stove with water, police said.

Forest Service Maps 122,893 Acres In Survey

Marvin Marshall, lands staff forester in the Hiawatha National Forest supervisor's office, reports that 1964 was a banner year for the soil survey being made of the forest.

Mapped in 1964 was 122,893 acres. Of this were 110,837 acres in Schoolcraft County and 12,056 acres in Alger County, exceeding any previous year's work by about 30,000 acres.

The survey party, under the supervision of Soil Scientist Ed Naumann, plans to complete the Manistique, Munising and Rapid River Districts of the forest in 1965.

The soil survey is made to provide a basis for best use of the forest for timber production, recreation, wildlife, water, and engineering activities.

Gunman Shoots Wild, Hits 31

GARDENA, Calif. (AP) — Repeated fire by a berserk gunman this morning wounded at least 31 persons in one poker parlor, and possibly several more at two other establishments nearby, police reported.

Within an hour after the shootings, officers had booked on suspicion of attempted murder a 70-year-old man who they said came at them with two revolvers blazing.

They said they captured Louis Koullapis by startling him with a shot fired into the ground, then rushing him.

Police said his car matched the description of the one which drove by the Rainbow Club at the time a flurry of shotgun and pistol fire began toppling patrons from their seats at poker tables.

Police said three of the persons were critically wounded.

Officers said the wounded were taken to hospitals in the neighborhood —a Los Angeles suburb and the only suburb in which the playing of draw poker is legalized.

Police counted at least 16 bullet holes in the floor-to-ceiling window which faces the street and provides a full view of the play inside.

Witnesses said the gunman apparently pulled up to the curb outside the club, then loosed a volley of shots through the window, switching weapons from time to time.

One special officer at the club said the patrons — as many as 350 of them — were so astounded when the shooting started that they didn't move.

Cities In East Blanketed With Foot Of Snow

By The Associated Press

Travel was impaired, schools and roads were closed and some Northeastern cities lay under a foot of snow in the wake of a snowstorm which struck a dozen states.

New York City was hit by 5 to 9 inches of snow and the suburbs had deeper accumulations. Most roads in the area have been cleared. Rail travel was heavy Monday as some commuters were forced to leave their autos at home.

Schools in five Maryland counties were closed from the storm which blanketed the state with up to 12 inches of snow.

Rabid Bat Bites Sleeping Baby

The first case of rabies infection by bat bite in Menominee County's rabies emergency was reported today by Dr. Mary L. Cretens, director of the Delta Menominee Health Department.

A brown bat bit a sleeping three-month-old boy in a home on Route 1, Menominee and the baby's screaming awakened the mother and she found it still biting the baby.

The bat was caught and when the child was treated by a Marinette physician the bat was sent to the Wisconsin State Health Department Laboratory at Madison for examination. First test reactions indicated the presence of rabies and full examination confirmed it when Negrie bodies were found in the bat's brain. These are distinctive dot-like matter that indicate the rabies virus.

An older brother of the baby told Mrs. Gerald Callies, nurse of the Health Department, about the bat biting incident and her investigations brought the unreported case to the Health Department's attention belatedly.

Rabies vaccine treatment was administered with the first indication of rabies and the baby has now had the course of 14 shots for immunization.

The case is the first of bat bite in Menominee County, which last summer reported several cases of rabies in skunks and foxes and in dairy cattle. An immunization clinic for dogs was held in the Stephenson area, where most of the cases of rabies were reported.

Dr. Cretens attended a recent conference on epidemiology at Lansing sponsored by the Michigan State Health Department at which a large increase of rabies in wild animals in the state was indicated.

Rabies can develop as long as 7 years after infection, but usually incubate within one year. Bats can carry the dread disease—always fatal in humans if not treated—without being affected by it themselves.

Fawcett And Freeman Speak To JA Group

Escanaba Junior Achievement heard a discussion of the topic "Which Road to Progress" at its meeting Monday evening.

The speakers were A. W. Freeman, formerly general manager of Clairmont Transfer Co., and John Fawcett, vice president, Morley Murphy Co.

Free enterprise versus communism was the basic theme of the discussion in which it was pointed out that Russia — at the rate it is progressing — will eventually resort to a form of capitalism, said Freeman.

"If there is any elasticity in government control of communism or subversion it will turn toward capitalism," he observed.

Fawcett emphasized that for success in business there is always needed that "little extra initiative." The program was followed by a question period.

Ensign

Ensigners Meeting

Ensigners 4-H Club will meet Wednesday, Jan. 13, at 7 p. m. at the Ensign Township Hall. Ray Chase, Federal Ranger from Rapid River, will present a conservation program. Bonnie Hansen made the program arrangements. The public is invited.

Mrs. Lloyd Sundberg and Mrs. Thomas Safford attended the Delta County 4-H Council meeting held at the Delta County Building Monday evening.

Rapid River

Library Meeting

Friends of the Rapid River Library will meet tonight, Jan. 12, at 8 at St. Charles Borromeo Parish Hall. All those interested in the library project are invited.

Church Meeting

Rapid River Congregational Church will hold its annual meeting Thursday, Jan. 14, at 8 p. m. in the church parish hall. Members and friends of the church are asked to attend.

Churchr Work Bee

A work bee will be held at the Congregational Church parsonage Wednesday, Jan. 13, in the morning and afternoon. Anyone wishing to volunteer services will be welcomed.

Choirs Organized

Three youth choirs have been organized at Rapid River Congregational Church. The titles are Cherub, Junior and Young People's. The first choir appearance will be made Sunday, Jan. 31, when the Young People's Choir will sing for the 9:30 a. m. worship service.

School Never Given Land

The gift of land that wasn't will be the subject for action by the Escanaba Area Board of Education when it meets in the Webster Annex at 8 tonight.

The Board had been advised that it was owner of about 40 acres of land in Cornell Township, a gift reportedly made by the late Frank Barron about 1948. For years the County Plat Book designated the land as owned by the Board of Education.

Tonight the Board will, in light of the fact that no indication can be found of any transfer of deed to the school district, relinquish any "claims" it may have on the property. So far as it has been determined, the school district has never held deed or title to the property.

Other matters to come before the Board, according to the agenda, are:

Engineering fee for the Lemmer School; Child Guidance Clinic participation; agreement with Cornell Township for snow plowing; recommended policy for disposal of school property; and policy on evaluation of probationary teachers.

Briefly Told

The Practical Nurses will meet Thursday, Jan. 14, at 7:30 p. m. at the Delta Nursing Home.

Hiawatha Lodge will hold its regular months meeting at 7:30 p. m. today at the Eagles Club. Hostesses will be Carrie Johnson and Alta Isaacson.

The Delta County Civil Defense Committee will meet at 7:30 p. m. today at the Delta County Building to review its 1964 accomplishments and plan for 1965 programs.

Brotherhood of Railway Trainmen, Lodge 103, will meet at the Gladstone Legion Hall at 7:30 (EST) this evening.

Delta County Probate Judge Marie Peters will attend the midwinter conference of the Michigan Probate and Juvenile Judges Assn., in Lansing Jan. 14-17.

Application for a marriage license was filed at the Delta County Clerk's office Monday by Gordon James Anderson and Nancy Jeanne Hall, both of Milwaukee.

George Nelson, 47, of 1110 Dakota, Gladstone, pleaded guilty in Municipal Court at Escanaba today to a charge of larceny and was ordered to pay a fine of $100, cost and restitution amounting to $34, or serve 30 days in jail. Escanaba police said that Nelson admitted the theft of a purse from Mrs. Cleo Kidd, 303 N. 19th St., early Monday morning.

The Bay de Noc Engineers Club will hold a dinner meeting at the Sherman Hotel at 6:30 Friday. Officers will be elected. District Engineer Joseph Bal of the Water Resources Commission will conduct the program devoted to the engineering and legal aspects of Michigan's present-day water pollution problem.

First Methodist Building To Start In Spring

Complete approval of preliminary plans for a new educational building addition and a modernization program for the existing sanctuary was voted by the congregational of First Methodist Church, meeting under the direction of the Rev. James Balfour, Marquette District superintendent, Monday evening.

Construction of the addition to the church, to cost more than $100,000 and provide seven classrooms, a choir rehearsal room, a library and pastor's office, in addition to an enclosed main entrance to the sanctuary, is planned to start in the spring.

Approval was also given to the modernization program which will provide an expanded choir loft and pulpit area, a new organ console, a larger church kitchen and a new heating system.

A special Building Committee composed of Thomas McEniry, Donald Ness, Howard Peterson, C. J. Sawyer and Harvey Germanson, working with the architectural firm of G. Arntzen Co., is responsible for the planning of the programs.

The new addition will be constructed on property already owned by the congregation directly to the south of the present church building, located at the corner of 9th St. and 2nd Ave. S. Entrance will be provided both from the 6th St., side, and from a paved parking area which will be located at the rear of the property.

The Rev. J. Bruce Brown is the pastor of First Methodist Church. Milton J. Embs is is chairman of the Official Board, and Jack Foster is chairman of the trustees.

Fire Destroys Warehouse

MUSKEGON (AP)—Whipped by strong north winds and marked by a series of minor explosions, a raging fire early today destroyed the Chesapeake & Ohio Railway freight warehouse and damaged three other waterfront buildings here.

A main electric power transformer blew up in the heat and left much of the downtown area and scattered residential districts without power for a short time.

Two firemen and Chief Dennis Ward suffered minor injuries at the scene about one block east of the L. C. Walker Arena but did not require hospitalization.

Fire and railway officials were unable to estimate a loss figure immediately, pending examination of the structure's contents. Also sought was a cause of the blaze.

Damaged in the fire which lit up the waterfront with a red glow visible throughout the city were the Daniels Co. Office Supplies warehouse, the Elston-Richards storage building and the National Guard Armory.

Mel & Elmer's Super Valu Opens Bakery Jan. 27

Mel & Elmer's Super Valu, 312 N. 23rd St., will open its all new, modern bakery on Jan. 27, Mel Manske and Elmer Dagenais, store owners, announced today.

Bakery manager for the right-in-the-store bakery, will be Gary Burton. He comes to Escanaba from Kaukauna where he managed the on-the-premise bakery in the Doering's Super Valu.

"The advantage of the in-store bakery is that pies, cakes, cookies, rolls and bread are being baked during shopping hours, thus guaranteeing absolutely fresh baked goods," said Manske.

The opening of Mel & Elmer's Super Valu Bakery will be the 17th on-the-premise bakery serviced by the Green Bay Division of Super Valu Stores, Inc.

January housewares clearance

At 88c each, just a few dollars spent at Penney's can buy all the housewares you need! You'll find things for the kitchen, laundry room, den, patio and your closets . . . things to make your work easier, your leisure more enjoyable! Come with a friend to browse, buy! Stock up on all the housewares you need at this fabulous low price during Penney's January Clearance Event!

In This Corner

with Ray Crandall

MAROONS — Coach Bob Krysiak's Menominee Maroons, who invade the Holy Name gym tonight, romped to a 74-54 decision over Peshtigo in their last start . . . It was Menominee's fourth straight victory since an opening setback to Kingsford . . . Freshman Pat Miller led Menominee scorers with 16 points as Krysiak used three different units against Peshtigo.

★ ★ ★

HOCKEY — George Petaja, director of Escanaba's fine junior hockey program, welcomes two new hockey families to the community this winter . . . The Bernard LePlants moved here recently from Sault Ste. Marie and have a 13 year old son in the program . . . LaPlant played defense with the Algoma Steelers with Joe Nagalo who was a defensive standout for the Escanaba Hawks in the mid-1960s The Fred Carltons have two sons in the midget league . . . Carlton played for the Milwaukee Chiefs and coached a young hockey team that competed successfully in Canadian circles last year.

★ ★ ★

STRING — The Rudyard Bulldogs continue their amazing basketball victory, winning No. 7 of the season over Soo Loretto by a 61-50 margin . . . Coach Bill Howes' cagers, who have won two straight Upper Peninsula Class B championships, were paced by guards Rick Crews and Chuck Johnson who split 40 points.

★ ★ ★

LEADER — Mass, leader in the Porcupine Mountain Conference, whipped White Pine in its latest start . . . The Rockets, coached by Ernest Toivonen, have won eight of nine outings this season.

★ ★ ★

GRAPPLERS — In what is believed to have been the first interscholastic wrestling match ever held in the Upper Peninsula, Ewen defeated Iron Mountain 36-18 . . . This is Ewen's second year at the sport while Iron Mountain was competing for the first time . . . Kingsford also has a prep wrestling team this year, coached by Ray Mariucci, former Michigan State boxer.

★ ★ ★

WINLESS—The hapless Bessemer Speed Boys went down to defeat again, bowing to Ironwood 74-51 in Michigan Wisconsin Conference action . . . Bessemer has lost six straight starts this season and 23 in a row extending back through last year.

★ ★ ★

FRUSTRATING — Gerry Hautala topped the 40 point mark for the second straight game for Amasa, but once again it wasn't enough as his team suffered an 84-66 setback to Felch . . . Hautala scored 48 points on 15 field goals and 18 free throws, pumping in 25 points in the fourth quarter . . . He also had 48 points in a losing effort against Channing last week . . . Gary Blomquist scored 35 points for Felch.

★ ★ ★

HEMATITES — The Ishpeming Hematites strengthened their grip on second place in the Great Lakes Conference standings with a 64-60 decision over Marquette . . . Paul Albright of the Redmen took individual scoring honors with 26 points while Doug Perttunen paced the balanced Hematite attack with 16 . . . Ishpeming is now 5-1 in GLC competition.

★ ★ ★

MINERS — The Negaunee Miners, meanwhile, clung to their top spot in the Great Lakes race with a 65-51 verdict over Munising . . . The score was tied seven times in the first half which ended in a 27-27 deadlock, but the Miners pulled steadily out of range in the third and fourth quarters . . . Pete Peterson led Negaunee to its fifth straight conference victory with 20 points.

★ ★ ★

REPEAT — The luckless Iron Mountain Mountaineers blew another 17 point lead, as they did against Escanaba, and bowed to Norway by a 76-58 margin in Menominee Range Conference action . . . Ahead 35-18 at one stage in the second period, the Mountaineers wilted in the stretch and were outscored 28-8 in the fourth quarter . . . Bruce Mattson led Coach Vic Fochesato's winners with 21 points.

★ ★ ★

PIVOT — John Olson, taking over at the pivot spot for Michigan Tech, scored four field goals and a free throw for nine points as the Huskies bowed to Winona State, 88-76, in a Northern Intercollegiate Conference game Friday night . . . Olson is a 6 foot 5 inch senior from Escanaba.

★ ★ ★

UNDEFEATED — The undefeated Hancock Bulldogs notched their seventh Copper Country Conference victory of the season by clipping Houghton, 47-36 . . . Houghton threw an early scare into the CCC leaders by jumping to a 13-7 leadin the first quarter but Coach Fritz Wilson's cagers were unable to maintain the pace and went down to their eighth straight defeat of the season . . . Pete Wickley of Hancock paced both teams with a dozen points.

★ ★ ★

WOLVERINE — Former Sault Ste. Marie athlete Tom Ludwig has seen action in seven of the 11 games played by the University of Michigan Wolverines this season . . . Ludwig, a 5 foot 10 inch reserve guard, has scored six points for Coach Dave Strack's Big Ten favorites.

★ ★ ★

INDEPENDENT — Two Hermansville independent basketball teams have been organized and are interested in playing home and home series in the area . . . Robert Whitens is the manager of Joe's Tavern and Lenny Menard handles the Wildwood Five.

★ ★ ★

QUIT — Three members of Coach Jack Brighton's Soo Tech basketball squad have dropped the sport while one newcomer has joined the outfit . . . Leaving the team were Jim Stevenson, Paul Newell and Pete Williamson, all reserves . . . Joining the squad was George Logan, a sophomore who tallied 147 points for the Hornets last season.

★ ★ ★

SON — Craig Farrell, son of Ironwood High School coach Gene Farrell, scored 27 points to lead Gogebic College to an 89-81 triumph over Ely in Northern Junior College Conference last weekend . . . Gogebic tops the NJCC standings with a 6-1 record.

Things Will Get Tougher For Unbeaten U.P. Teams

By JIM TRETHEWEY

MARQUETTE — Four teams will carry perfect records into the start of the second half of the Upper Peninsula's prep basketball campaign.

But the odds are great that one or more of the quartet—Negaunee St. Paul and Eben (both 9-0), Hancock (8-0) and Rudyard (7-0)—will meet defeat before the end of February.

Hermansville's loss to Champion last week, the first for the Redskins after eight straight victories, signalled the trouble that awaits an all-winning team as the pressure mounts and opponents begin shaping defenses specially designed to try and halt high-scoring cagers like Hermansville's Ron Povolo. Actually, Champion didn't stop the Peninsula's No. 1 scorer, but Coach Tim Simula must have spotted some weakness to enable the Indians to outscore the top point-making quinet in the U. P.

Eben, its eye on a Central U. P. League crown, isn't likely to run into trouble until it plays a return game at home against Trenary late this month.. Eben beat the Comets by only one point in their first encounter.

Negaunee St. Paul, if it gets by Mid-Peninsula foes Chassell and Doelle the next two weeks, will run into three tough ones in succession—rapidly improving Trout Creek, the same Champion outfit that stopped Hermansville and Marquette Bishop Baraga. The latter was the only one to stop St. Paul in regular season competition last year.

But trouble is nearer at hand for Rudyard, the two-time defending Class B champion, and Hancock, pride of the Copper Country.

Rudyard, which is developing almost no bench strength in contrast to the abundance of competent reserves it had the last two years, plays at Pickford Friday night, then hosts big Sault Ste. Marie Saturday. Sault, defending champion in the Great Lakes Conference, finally hit its stride with a two-point victory over Escanaba after six straight losses.

Hancock, after winning seven consecutive games against Copper Country opponents, is playing three exhibitions before finishing up with seven more CCC tests. It gained a 60-48 decision at Gwinn in the first of these exhibitions, and now will go to Ironwood for the second and then host Marquette Bishop Baraga in the third.

Perfect seasons are not too rare in the Peninsula, but no team managed to win all its games last year. In the last three years, only Champion (in 1961-62 and again in 1962-63) and Escanaba Holy Name (1961-62) have managed to finish their schedules unbeaten.

Highlighting this week's schedule of cage action will be Menominee's trips to Escanaba Holy Name and Marquette and a Carney-Hermansville clash that will give the winner undisputed possession of first place in the Big Seven Conference. Menominee, losing only its opener by a single point to Kingsford, appears to be headed for one of its best seasons.

The week's schedule:

Tuesday

Gladstone at Escanaba
Houghton at Calumet
Menominee at Holy Name
Crystal Falls at Stambaugh
Lake Linden at L'Anse
Carney at Hermansville
Stephenson at Marinette Cen.
Bergland at Ewen
Doelle at Chassel
Powers at Felch
Garden at Rapid River
Mass at St. Ambrose
Mercer at Marenisco
Channing at Republic
Trout Creek at White Pine

Wednesday

Trenary at Perkins

Thursday

Bark River at Cooks

Friday

Escanaba at Ishpeming
Negaunee at Marquette
Newberry at Sault
Holy Name at Gwinn
Hancock at Ironwood
Iron Mt. at Crystal Falls
Iron River at Kingsford
Manistique at Munising
Rudyard at Pickford
Superior East at Bessemer
Houghton at Dollar Bay
Painesdale at Lake Linden
Stambaugh at Norway
Baraga at Ontonagon
Cheboygan at St. Ignace
Sault Loretto at DeTour
Engadine at Cedarville
Champion at Rock
Chassell at St. Paul
Doelle at Michigamme
Eben at National Mine
Ewen at Watersmeet
Felch at Republic
Grand Marais at Paradise
Marenisco at Mass
Rapid River at Nahma
Powers at Pembine
Hurley at Wakefield
Alpha at Carney
White Pine at Bergland

Saturday

Menominee at Marquette
Calumet at Ironwood
Munising at Gladstone
Sault at Rudyard
Norway at Marq. Baraga
Garden at Engadine
St. Ambrose at Trout Creek

Eben Top Team; Rochefort Is Scoring Leader

STANDINGS

Team	W	L
Eben	8	0
Trenary	6	1
Garden	5	1
Rapid River	2	1
Perkins	3	5
Bark River	2	4
Rock	2	4
Cooks	1	6
Nahma	0	7

Leading Scorers

Player	Team	TP.	Avg.
Rochefort	Garden	189	31.5
Moss	Rapid	71	23.7
Hartman, P.	Cooks	159	22.7
Larschied	Nahma	148	21.1
Flynn	Trenary	138	19.7
Lusardi	Trenary	130	18.6
Larrabee, P.	Rapid	52	17.3
Eagle	Perkins	135	16.9
Carlson	Eben	124	15.5
LaVigne	Garden	91	15.2

Eben's undefeated Eagles are perched atop the Central League standings with a 8-0 record but three other teams in the league are poised to take over if Coach Jim Depew's cagers should falter.

Trenary, Garden and Rapid River have lost only once and would be in a position to challenge the leaders if Eben slips. At least one of those three teams will skid farther behind this week as Garden plays at Rapid River tonight. Eben takes a rest this week with only a non-league game against National Mine on tap Friday night.

League statistics released by Roman Gill of Rock this week reveal that Garden's Barry Rochefort is the top point producer in the circuit. The 6 foot senior is one of four players in the Upper Peninsula averaging over 30 points. He has tallied 189 in six starts for an average of 31.5 per contest.

Following Rochefort in points scored is Phil Hartman of Cooks with 159, accumulated in seven games. The second best average is owned by Doug Moss of Rapid River who has clicked for 23.7 per start in three games.

Northern Trips Green Knights

GREEN BAY, Wis (AP) — Gene Summers poured in 30 points to lead Northern Michigan to an 85-78 non-conference basketball victory over St. Norbert Monday night.

The Wildcats, who held a 39-34 halftime advantage, boosted their record to 6-2. St. Norbert is 9-3.

AFL All-Pro Game Shifted To New Site

HOUSTON (AP) — Houston, hopeful of becoming the permanent home of the American Football League All-Star game in 1966, found itself today host of the game a year earlier than expected.

Joe Foss, league commissioner, pulled the Eastern and Western Division All-Stars out of New Orleans Monday after Negro players complained of racial discrimination in the Louisiana city.

Twenty Negro players refused to participate in the Saturday game, saying they were denied cab service and refused admission to night clubs in the French Quarter.

The contest will be played in 35,000-seat Jeppesen Stadium at 2 p.m., EST, Saturday.

Booster Club To Set Plans For Banquet

Plans for the annual Holy Name High School all sports banquet, set for March 23, will be discussed at a meeting of the Holy Name Booster Club Thursday, Jan. 14, at the school multipurpose room.

Volleyball and table tennis will be played following the meeting.

Indiana Clips Iowa Hawkeyes

By The Associated Press

Indiana, which slipped three spots in this week's Associated Press college basketball poll to No. 5 after losing to unranked Illinois a week ago, made sure that lightning wouldn't strike twice.

The Hoosiers, leading Iowa by four points with three minutes to go Monday night, held the Hawkeyes to two points the rest of the way and won going away 85-76. A string of six points in the last 90 seconds wrapped it up for Indiana, now 11-1.

Three other members of this week's top ten played Monday night and all won. St. John's of New York, ranked No. 7, whipped visiting Creighton 72-66, third - ranked Wichita whacked Southern Illinois 94-81 and No. 8 Davidson trounced The Citadel 100-81.

UCLA, idle Monday night, continues to lead the poll. The defending national champions drew 33 first-place ballots and 394 points in the voting by a regional panel of 42 sports writers and broadcasters.

Michigan climbed back into the runner-up spot which was vacated by Indiana. The Wolverines, who beat Illinois in their only start last week, drew 336 points.

Wichita jumped two slots into third place and had two first-place ballots included in its 251 points. St. Joseph's, Pa., with a 12-1 record, remained fourth with 242 points and one first-place vote.

The top ten, with first-place votes in parentheses, and points:

1.	UCLA (33)	394
2.	Michigan	336
3.	Wichita (2)	251
4.	St. Joseph's (1)	242
5.	Indiana	208
6.	Providence (6)	198
7.	St. John's	167
8.	Davidson	133
9.	San Francisco	120
10.	Duke	60

Colorado Spills Title Favorite In Big Eight

By The Associated Press

The journey from the plains to the foot of the Rockies is becoming an uphill battle for Colorado's Big Eight Conference basketball neighbors.

While nationally ranked Wichita, Indiana, St. John's and Davidson were boosting their stock with solid victories Monday night, the unsung Buffaloes shook up the Big Eight title picture by knocking off conference favorite Kansas 61-59 for their second straight home-court upset.

By reversing its two-point loss to Kansas in the Big Eight preseason tourney final last month, Colorado matched the Jayhawks' 2-1 league record. Oklahoma State whipped visiting Iowa State 67-48 and gained first place with a 3-0 mark — but the Cowboys have yet to make the trip to Boulder. Oklahoma topped Nebraska 89-82 in another Big Eight game.

Chuck Gardner, the Buffaloes' 6-foot-8 mathematics major, tallied 21 points, including a pair of free throws that put the home club in front to stay, and held his own with Kansas' 6-foot-11 Walt Wesley off the boards. Gardner's 21 points last Saturday led the Buffs to an 80-77 ambush of Kansas State at Boulder.

Dave Stallworth, Wichita's All-America, hit all seven of his field-goal attempts and teammate Dave Leach connected on nine of 14, pacing the third-ranked Wheatshockers to a 94-81 home-court victory over Southern Illinois.

Stallworth finished with 20 points, Leach with 19 as Wichita fired a torrid 59 per cent from the floor in winning its 11th in 13 starts.

Bob McIntyre's 10-for-13 sniping carried St. John's to a 72-66 triumph over Creighton at New York. The Redmen, 10-2 and No. 7 in the land, held Bluejay star Fritz Pointer to a single field goal. McIntyre, a 6-foot-6 junior, totaled 26 points and grabbed a dozen rebounds.

Davidson's Fred Hetzel and Dick Snyder combined for 50 points and the eighth-ranked Wildcats mauled The Citadel 100-81, taking command in the Southern Conference. Snyder scored 24 points while limiting Cadet ace Jim McCurdy to seven. The victory was Davidson's fifth straight in league play and 12th in 13 season tries.

St. Paul Drops To Second Place

Negaunee St. Paul, winner of nine straight games, slipped out of first place in this week's Class D Associated Press state basketball poll.

Coach Gordy LeDuc's Emeralds were replaced by downstate Barryton, winner of six straight this season. Barryton drew 97 poll points to 93 for the Upper Peninsula team.

Hermansville, upset by Champion last week, dropped from third to sixth in the weekly ratings which are compiled from votes of sports writers and broadcasters across the state.

Eben, undefeated in nine starts, is listed in the 20th spot.

Rudyard, defending Upper Peninsula Class B champion carrying a 7-0 record, is tied for 6th in its class while Holy Name is listed 35th, the only other team making the honorable mention group.

In Class C, St. Ignace dropped out of the top 10 this week and slipped to 13th. Hancock was rated 18th in the Class C ranks.

Marlette vaulted into the top spot in the Class C ratings, jumping from third place over Muskegon Christian and Portland.

Benton Harbor retained its No. 1 spot in the Class A list, with a 30 point margin over Pontiac Central in the balloting.

River Rouge, which has a 7-1 record, tops the Class B list although it is the only team in the top 10 that has suffered a defeat.

Prothro Takes Job At UCLA

CHICAGO (AP) — Tommy Prothro, seeking professional opportunity, is leaving Oregon State to take the head football coaching job at UCLA.

"Financially there's no advantage to the move," said the 44-year-old Prothro, who had assisted the late Red Sanders at UCLA before going to Oregon State for a successful 10-year tenure.

"But I feel there is professional opportunity at UCLA," he said Monday night.

Prothro, attending the NCAA convention in Chicago, indicated he would like to move his assistants to UCLA where they would probably receive bigger paychecks.

"I'm not sure about my staff at this time but I hope most of my assistants will go with me," he said.

Prothro, a native of Memphis, Tenn., was a star blocking back at Duke University from 1939-1941. Regarded a brilliant football strategist, his Oregon State teams compiled a 63-37-2 record.

"They've been the happiest 10 years of my life," said Prothro, whose Beavers suffered a 34-7 loss to Michigan in this year's Rose Bowl game.

Disregarding rumors that the one-sided loss in the Rose Bowl would cost him a chance to take over at UCLA, replacing Bill Barnes, Prothro said he was not officially contacted for the UCLA job until after his team was swamped by Michigan.

Huskies Suffer Seventh Defeat

HOUGHTON (AP) — Wayne State handed Michigan Tech its seventh straight defeat Monday night. The Tartars downed the northern Michigan team 101-89, despite the 37-point scoring of Husky guard Tom Rozich.

Rozich's feat set an individual scoring record for Tech which managed to tie the visitors 43-43 in the first half.

Wayne's Fred Wolcott led the victors with 32 points, a high point of his three-year college career. Paul Widdoes of Wayne dumped in 22.

WSU's season record is now 3 victories in five games, while Tech is 0-7. Wayne is undefeated in Presidents Athletic Conference play, with a 2-0 record. Tech is a nonconference school.

Volleyball

Girls volleyball will be played Wednesday at 8 p. m. at the John Lemmer School.

"Can a small-town girl find happiness

(married to a man who's in love with his new Dodge Polara?)"

"A man who talks in his sleep about such nonsense as a 383 cubic inch V8, a 121 inch wheelbase, and over 17 cubic feet of trunk space?

A man who even smiles while he dreams about the money he saved by buying a Polara instead of big-car X? Can she?

She can if he shares it with her once in a while!"

And now a word from our sponsor: "Polara."

POLARA: Two tons of body beautiful. 383 cu. in. V8 (regular gas). Full foam seats. Plush carpeting. Polara—at your Dodge dealer's.

UP Conference Of Union Set

Manistique has been accepted this year as host city for the U. P. state conference of Bricklayers, Masons, and Plasterers International Union of America. The meeting is scheduled Jan. 16 in Sunny Shores restaurant.

A noon meeting with Mayor Merwin White on hand to greet delegates will precede the business session. Forty will be attending.

Representatives will come from local unions in Escanaba, Iron Mountain, Ironwood, Sault Ste. Marie, Marquette, Hancock, Menominee and Manistique. Guests and officers on state and international levels will be present.

Briefly Told

Moms of America Unit 31 meets Jan. 15 at 8 p.m. in the VFW club rooms. Hostesses are Mrs. Leo Chartier and Mrs. Loren Harding. Members are reminded to bring their own table service.

Young Adults of the Bethel Baptist Church meet at the Raymond Danko home, 130 New Delta Ave., Tuesday at 7:30 p.m. with Mrs. Betty Lowery assisting.

Couples Fellowship of the Bethel Baptist Church meets Thursday at 7:45 p.m. at the Church with Mr. and Mrs. Einer Gustafson and Mr. and Mrs. John Blomquist as hosts.

The Effie Carington Circle of the First Baptist Church meets Tuesday at 7:30 p.m. The dates for the rummage sale are Jan. 22 and 23 at the Ford garage. Those who wish to donate articles may contact Mrs. Warren Labar, 341-2430.

Mrs. Elva Young, 123 Front St., will be hostess to the meeting of the Pearl Shiner Circle of the First Baptist Church, Thursday, Jan. 14 at 7:30 p.m.

Thompson Community Club meets Thursday at 8 p.m. in the school.

Zion Lutheran Church Sunday School teachers meet Wednesday at 7:30 p.m. in Augustana Hall. All teachers are urged to attend.

State Police ticketed Robert R. Jensen, 903 Saginaw, defective muffler; Margaret Hartman, Cooks, Spencer M. Ennis, Newberry, speeding; Richard A. Curtis, Sault Ste. Marie, speeding and drinking beer on public road; Raleigh L. Fournier, Sault Ste. Marie, drinking beer on public road; William A. Grahan, Sault Ste. Marie, too fast for conditions and Curtis S. Norton, Rte. 1, excessive muffler noise.

Public Safety officers ticketed Joseph Kovach, 140 E. Elk, and Gerald A. Smith, Gulliver, failure to have vehicle under control and Wanda Marie Terrian, 310 N. 4th, improper backing.

The Goodwill Club meets at 2 p.m., Thursday in Hiawatha School. Pot luck lunch will be served.

A car driven by Mrs. Norman (Vivian) Andrews, of Thompson was damaged in an accident at 9 a.m., Sunday on the Flodin Road in Thompson Township. State Police said she lost control on an icy curve. The car overturned. No one was injured. The driver was ticketed for violation of basic speed law.

The 4-H Knitten Kittens met Saturday at the home of Mrs. Wallace Peck and elected officers. Maryanne Grimes is president, Julie DeSautel, vice president, Holly Hayden, secretary, Sally Brandstrom, treasurer, Kathy Broullire, reporter and Eileen Mathson, song leade. After games members worked on knitting projects. The next meeting is Jan. 16 at 2 p.m., at Mrs. Peck's home.

Book Memorial

The Manistique School and Public Library has received a set of books, "Great Religions of Modern Man" as a memorial to the late Mrs. Audie McDougall of Germfask.

The volumes were the gift of her grandchildren, who attended Manistique High School: John V. Lustila, Vicki Jean Lustila, Mrs. Jacqueline Heath Ericson and Lorne Lustila of Los Angeles, Calif.

Rotary Program

Four Rotarians Monday presented materials on goals of service in the club for the organization's meeting. Speaking were William Guinan, international service; James McLaughlin, vocational service; John Moffat, community service: and Cliff Lewis, club service. William Cook introduced the program.

England's King James I had a "Keeper of the Otters" to look after the tame aquatic mammals trained to catch fish for his table.

MANISTIQUE

Pleas Received In B&E Charge

Ronald I. Bryant, 23, of Durand and Robert L. Smith, 20, formerly of Germfask, pleaded guilty in Circuit Court Monday to charges of breaking and entering. Sentencing by Judge George S. Baldwin will follow reports from probation officers.

The case was the only one on the criminal calendar for the term which began Monday. The jury, scheduled to report Wednesday, has been dismissed. The case against Harold Jeffery Bouchard has been remanded to Justice Court.

In other action Monday a judgment of $1,272.63 plus costs was granted MacGillis & Gibbs Co. against Robert and Joseph Kaiser; and a judgment to quiet title was granted Virgil Wright for property in Inwood Township, to convey clear title.

Monday afternoon Judge Baldwin heard petitions in the case of the estate of Charles Lavine, Richard Lavine and Joseph Lavine, minors, vs. John S. Faketty, judge of probate and Frank McAvinchey, acting judge in the estate of Joe Lavine, deceased.

One petition asks admission of a will and another construction of will and exercise of equity in behalf of minor plaintiffs.

Today, the case of Paul Theriault (Turbojet Marine) vs. Harold Bowman is on the docket.

Mr. Richardson, 83, Of Cooks, Taken By Death

Joseph Richardson, 83, who lived for many years on the Big Spring Road at Cooks and was proprietor of the Richardson Sawmill, died at a nursing home at Daggett on Monday. He has resided at the nursing home since 1963.

Surviving is an adopted son, Acle Monroe of Lansing. Mrs. Richardson, the former Nellie Bender, died Jan. 27, 1952.

The body is at the Messier-Broullire Funeral Home where funeral services will be held Thursday at 10 a. m. Burial will be in Fairview Cemetery in the spring.

Rexall Team Pin Winner At Elks Club

The Rexall team was winner of the first half of bowling at the Elks Club.

Team members are Bernice Mathson, Gloria Ebli, Florence Pawley, Barbara Chartier and Marcella Quick.

(End of the first half).

Social

Circle Meeting

St. Cecilia Circle met Jan. 6 at the home of Mrs. Robert Pollman, with Mrs. Wallace Peck and Mrs. William Hough assisting. Awards were won by Mrs. Jake Borko, Mrs. Josephine LaVigne, Mrs. Lowell Cooper and Mrs. George Tiglas. The next meeting is Feb. 3 at the home of Mrs. Lowell Cooper with Mrs. Thomas Vaughan and Mrs. Ivor Willcock assisting hostesses.

★ ★ ★

Circle Meets

Our Lady of Fatima Circle met Thursday at the home of Mrs. Leo Cousineau with Mrs. Dorothy Maynard and Mrs. Joe Bosanic assisting. After devotions and the business meeting, games were played with prizes won by Mrs. Mary Selling, Mrs. Nick Frankovich and Mrs. Leonard Cournaya. The February meeting will be held at the home of Mrs. Dick Ketcik with Mrs. George Krusic and Mrs. Art Fountain Sr. assistant hostesses.

Obituary

VERN JAMES DIXON

Funeral services were conducted at 2 p.m., today in Messier-Broullire Funeral Home for Vern James Dixon, 76, of 328 Weston Ave., who died Friday. The Rev. Harry J. Davidson officiated. Mrs. Roy LaMarche was organist. Burial will be in spring.

JOHN J. BENISH SR.

Funeral services were conducted at 9 a.m., Monday in St. Francis de Sales Church for John J. Benish Sr., 75, who died Thursday. The Rev. Terrence Donnelly officiated. Pallbearers were Emery Barnes, Martin and Andrew Seling, Raymond and George Danko and James Jackson. Messier-Broullire Funeral Home was in charge.

Teachers Urged To Continue Group Efforts

The Rural Teachers MEA chapter, at a meeting Jan. 8 in Mueller school heard Arnold Korpi, region 16 MEA representative, urge increased attention to personnel policies and indexed salary schedules. He cited that achievement of tenure will not solve all problems.

The speaker noted teachers have increased liability benefits under the MEA dues schedule now. Active participation in the Association was urged.

The next meeting is 8 p. m., Feb. 12 in Hiawatha school. Mrs. Malcolm Nelson will speak on public relations.

Officers of the chapter are Ronald Patrick, president, Mrs. A. F. Hall, vice president, Mrs. Leah Nelson, treasurer, and Mrs. Harold Peters, secretary.

Fewer Marriages Births, Deaths Recorded In 1964

Schoolcraft County had only 55 marriages recorded last year, lowest in five years.

Last year, Cupid's tally was 72, in 1962, 59, in 1961, 69, and in 1960, 68.

The count on births also was down in 1964, with 232 recorded. This compares with 242 in 1963, 292 in 1962, 302 in 1961 and 297 in 1960.

The area had 101 deaths recorded, 20 in townships and 81 in the city. This is seven less than in 1963, when there were 87 in the city and 21 in townships. In 1962, there were 93 deaths, in 1961, 111 and in 1960, 135.

Hospital

Admitted to Schoolcraft Memorial Hospital were Brett Bond, Rte. 1; Roberta Weinert, Star Rte.; Wendell Sundling, Ensign; Matt Strom, 607 Michigan Ave.; David Hellebuyck, Gulliver; Lyle Bouchard, 549 Alger; Kristine Boyd, 177 N. Cedar; Lance Neddow, 640 Park; Mary Sample, 429 Delta; Kenneth Van Eyck, E. Lakeshore Drive; Chris Curran, 427 Arbutus; Mary Demars, 210 N. Houghton. Discharged were Kathleen Hardy, Viola Gauthier, Verner Nelson, Corrine Schlinger, Robert Tanguay, David Hellebuyck, Robin Welch, Peggy Beaudry, Homer Turik, Gertrude Lyntz, Wendell Sundling, Earl Bellows and Lisa Ritter.

History Society Men To Speak

Schoolcraft County Historical Society members and interested persons will hear talks tonight by the director of the Historical Society of Michigan, William K. Alderfer and by James Babcock, chief of the Burton Historical Collection of the Detroit Public Library.

The meeting is scheduled at 7:30 p.m., Room 4 of Manistique High School. Alderfer will discuss the "historical explosion" in Michigan and Babcock, "Michigan's Historical Treasures."

Alderfer, who received a master degree from the University of Rochester (N.Y.) directed field operations of the Wisconsin State Historical Society before coming to Michigan. He continued graduate studies at the University of Wisconsin.

Babcock, born in Oklahoma City, received his bachelor and MA degrees from Oklahoma University and a master degree in library science from the University of Michigan. He was an archivist for the University of Oklahoma previously.

Thunder Bowl Now Open For Skiing Season

LEGAL NOTICES

NOTICE OF REFERENDUM ON CREATION OF SCHOOLCRAFT SOIL CONSERVATION DISTRICT AND ELECTION OF DIRECTORS FOR SAID PROPOSED DISTRICT.

TO ALL LAND OWNERS AND OCCUPIERS OF THREE OR MORE ACRES OF LAND WITHIN SCHOOLCRAFT COUNTY:

Notice is hereby given that on the twentieth day of January, 1965, between the hours of 12:00 Noon to 2:00 P.M. and 6:00 P.M. to 8:00 P. M. Eastern Standard Time, a referendum will be held on the creation of the proposed Schoolcraft Soil Conservation District.

As provided in Act 297, of P. A. 1937, as amended, an election of three directors for said proposed district will be held at this same time. If results of the referendum are not approved by the State Soil Conservation Committee, this director's election shall be null and void.

For the purpose of said referendum and directors' election, voting places will be established as follows:

Germfask Town Hall
Gulliver School
Cooks Town Hall
Hiawatha Town Hall

The proposed Soil Conservation District shall include all of Schoolcraft County.

All owners or occupiers of any land, 3 or more acres in extent, lying within the boundaries of such proposed District shall be entitled to vote. " 'Land occupier' or 'occupier of land' includes any person, firm or corporation who shall hold title to, or shall be in possession of, any lands 3 acres or more in extent lying within a district organized under the provisions of this act, whether as owner, lessee, renter, tenant, or otherwise."

An eligible voter may vote at any authorized polling place in the county most convenient to his residence.

Eligible voters who will be absent from the area on that date may secure a voter's registration and qualification card and absentee voter's ballot by making application to Mr. Fred Lesica, County Clerk, Court House, Manistique, Michigan, who has been appointed polling superintendent. Such application should state voter's name and the location of the land occupied.

BY ORDER OF THE STATE SOIL CONSERVATION COMMITTEE
G. S. McIntyre, Chairman
Russell G. Hill
Executive Secretary

GLADSTONE

Elmer Specht, 57, Dies In Oshkosh

Elmer Specht, 57, 433 Church Ave., Oshkosh, Wis., a former Gladstone resident, died Wednesday afternoon in Mercy Hospital, Oshkosh. While living in Gladstone from 1950-56 he was employed by Atlas Plywood Corp.

For the past eight years he has been employed by Oshkosh Plywood Inc. Mr. Specht was bor in Alberta, Canada, August 30, 1907, and lived most of his life in Marshfield, Wis.

Survivors include his wife, Edith, one daughter, Donna, at home, two sons, Jerry and Ronny, of Marshfield; three step-children, Mrs. Edna Dehart, and Marvin Moore, both of Milwaukee, and Mrs. George Derkilen, of Marshfield; three sisters, Mrs. Gladys Radlinger and Mrs. Clifford Voight, of Marshfield, and Mrs. Milton Boucher, of Citrus Heights, Calif., and 12 grandchildren.

Funeral services were held Saturday in Marshfield with burial in that city.

Personals

Mr. and Mrs. Richard Peterson, and Kris, of Kipling, spent Saturday visiting Mr. and Mrs. Robert Lewis and family at Harvey.

Mr. and Mrs. Charles Erfourth, Mabel Mickalson, Mr. and Mrs. Tom Erfourth and family and Mrs. Josephine Forsberg spent Saturday visiting Mr. and Mrs. James Blake and Billy and Stevie, at Hyde.

There are more than 100 species in the tree farms of the Pacific northwest, 23 being of major commercial importance.

Tax Deadline Is Extended

The Gladstone City Commission extended the deadline for payment of county and school taxes without penalty to Feb. 15 at its regular meeting Monday night at the City Hall.

The commission also approved a request by Reynold Redstrom to transfer his contract for city garbage collection which runs through 1969 to Harold Apelgren, accepted bids for light department poles and wire and discussed planned modernization of school flasher lights on M-35 for the Buckeye School.

Six bids for wire and 10 for poles for the light department were referred to dept. head Willard LaFond for analysis.

According to City Manager H. J. Hendrikson, new flashers on M-35 at the Buckeye School will be installed this summer when the State Highway Dept. improves the highway. The city agreed to maintain the flashers once installed.

The Commission also heard a request from Mayor Raymond Norton to get cost estimates for snow removal on Delta Ave. from U.S. 2 and 41 to the 1200 block and authorized assessor Robert Olson to attend the Upper Peninsula assessor's conference at Iron Mountain Feb. 3-4.

Obituary

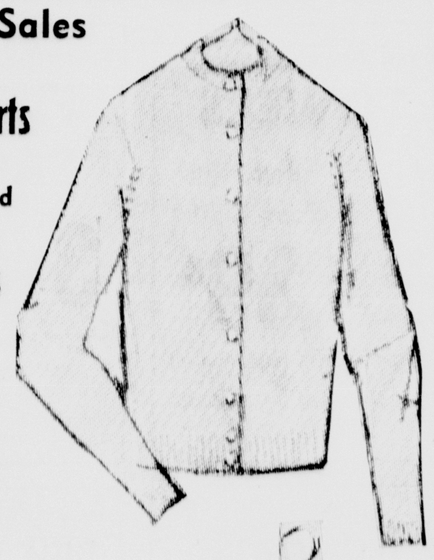

MRS. AGNES NYGREN

Funeral services for Mrs. Agnes Nygren were held at 2 p. m. Monday at the Calvary Lutheran Church in Rapid River with the Rev. George Olson officiating. Burial was in Rapid River Cemetery. Pallbearers were Carl and David Nygren, William and James Howard, John Sloan and Raymond Willemot.

EXPRESSION'S ORIGIN

The expression to "laugh up one's sleeve" originated in the 16th century, when people dressed in clothes with wide sleeves, particularly in the royal court. To hide offensive laughter, they would put the whole sleeve over their heads.

Police Stop 3 Runaway Youths From St. Ignace

Three runaway boys from St. Ignace, who earlier in the day had been invloved in a hit and run property damage accident at Pine Ridge, were picked up by State Police of the Gladstone Post Friday night and released in the custody of their parents.

Police said the youths, ages 14, 15 and 16, were driving west on US-2-41 in a car owned by one boy's parents when the driver lost control, skidding first off the right side of the road.

The car then swerved across the highway, struck a power pole guy wire and skidded back across the highway into the H. E. Vanderbeck Co. parking lot striking a car owned by Lawrence Deno, Rte. 1, Escanaba. Police said the Deno car was pushed into a car owned by Earl Guenette, Rte. 2, Bark River, in the collision.

Officers said the youths left the scene and drove to the Perronville area where they spent the day before returning to Escanaba. The boys told police they were going to Manistique when they were stopped in Escanaba just west of the 23rd St. intersection.

Deer Herd Has Easier Winter

By BOB VOGES
AP Outdoor Writer

LANSING (AP) — Michigan's deer herd is having a fairly easy time this winter.

Although there has been some bitter cold, the deep snow that causes starvation losses hasn't shown up as yet.

The deer won't be home free until early March when the snow generally starts to melt. And there always is the possibility of a sudden blizzard and a snow pileup.

But conservationists are hoping this will be a mild winter like the last one. That would mean a bumper crop of animals available for hunters in the fall.

Still Roaming Around

About the normal 2½ feet has piled up in the Upper Peninsula snow belt north of M 28. South of M 28 in the Upper Peninsula, deer are still able to roam out of their winter yards in search of food.

Survival conditions also are favorable in the northern Lower Peninsula. Deer are drifting in toward the yards but are able to get out around most of their summer range.

The mild winter was termed particularly fortunate by deer specialist Ira Bartlett of the State Conservation Department's game division since there was a poor acorn crop this year.

There have been no reports of deer starvation as yet or of dogs running the deer.

"The cold weather doesn't bother them," Bartlett explained. "They are built for survival and are all right as long as they can move around in search of food."

Harvest Around 115,000

Michigan's deer herd was estimated at some 800,000 before the start of last fall's shooting season. It was expected approximately 130,000 deer would be harvested, but the kill estimate now has been placed at around 115,000.

An educated guess is that another 50,000 deer were killed by a combination of factors such as natural deaths, being hit by cars and illegal shooting.

Given a good fawn crop with the average rate of survival, this will mean a large and healthy herd roaming the woods for the start of the fall hunting season.

"If favorable conditions continue there will have to be a substantial antlerless deer kill," said Bartlett. "Otherwise, nature will crack down and, given a bad winter, there will be a high starvation rate among a large herd."

Crossing Closes

LANSING (AP) — The last grade level crossing of the old Detroit Industrial Freeway will be closed to through traffic Friday the State Highway Department announced. Traffic will be routed over the freeway's service roads to the Haggerty Road exchange, one mile away. Other grade level crossings have been replaced by overpasses and interchanges.

Thomas Edison once said: "Genius is one per cent inspiration and 90 per cent perspiration."

Budget Session Called Friday By State GOP

LANSING (AP)—The Republican State Central Committee meets here Friday and Saturday to approve the 1965 party budget and map plans for a proposed GOP leadership conference.

State Chairman Arthur Elliott Jr. will ask approval of a $311,000 budget.

Gov. George Romney, Lt. Gov. William Milliken and acting Aud. Gen. Allison Green are to address the committee.

Romney proposed after the post-election Republican Governors' Conference that the Michigan GOP plan a broad-based leadership conference for 1965.

Dr. Bassett To Head Churches

DETROIT — The Rev. Dr. Wendell C. Bassett of Grand Rapids was elected executive director of the Michigan Council of Churches by the Council's General Assembly in session at St. David's Episcopal Church, Southfield in suburban Detroit. Dr. Bassett, the Council's president for the past two years, succeeds the Rev. G. Merrill Lenox who has been executive director of the Michigan and the Detroit Councils of Churches since 1954.

Dr. Bassett comes with a long background of business and church - related experience. Trained for road-service with an automotive company, he graduated in 1928 and held positions in Automotive Engineering and Factory Service. He graduated from Evangelical Theological Seminary of Naperville, Ill., in 1935; received an honorary Doctor of Divinity degree from North Central College in 1958; was ordained as a minister in the Evangelical United Brethren Church in 1935; served pastorates in Michigan of which Detroit-Calvary (1945-1955) was the last before election as conference superintendent in 1955. He has held this office for 10 years.

For the past two years, Mr. Bassett has been the president of the board of directors for the Michigan Council of Churches, and served as chairman of the Evaluation Study Committee, and an active member of the Constitution and Bylaws Revision Committee.

The concern for ecumenical mission of the churches of Michigan has always employed the efforts of the new executive director through various channels of the Michigan and the National Councils of Churches.

The Rt. Rev. Archie H. Crowley, suffragan bishop of the Episcopal Diocese of Michigan, was elected president succeeding Dr. Bassett.

The 1965 General Assembly marked a major turning point in the life of the Michigan Council of Churches. Plans were announced for program expansion into the areas of health and welfare, the support and expansion of community councils of churches, and a research study of Michigan's Church Sunday Schools.

On Monday evening, Jan. 18 in the Michigan League Ballroom, a series of awards and citations will be announced by the Michigan Council of Churches including an award, "Michigan Churchman of the Year." The Most Rev. John F. Dearden, archbishop, Archdiocese of Detroit, will address the Michigan pastors at the dinner session. This will mark the first time in its 26-year history that the Protestant pastors will have been addressed by a member of the Roman Catholic hierarchy.

MARINE Private David K. Richards, son of Mr. and Mrs. Louis Richards of 2122 Third Ave. S., Escanaba, Mich., completed recruit training Jan. 6, at the Marine Corps Recruit Depot, San Diego, Calif. Marine recruits undergo more than 100 hours of physical conditioning, spend more than 80 hours learning how to drill, and devote three weeks to rifle and pistol marksmanship in their 11-week training program. Following graduation he reported to Camp Pendleton, Calif. for advanced infantry training.

Briefly Told

Delta Lodge No. 195 F&AM, will hold a special communication at the Masonic Temple Wednesday, Jan. 13, at 7:30 p. m. for work in the E. A. degree. Lunch will be served. Visiting Masons are invited to attend.

The Upper Peninsula of Michigan Gladiolus Society will hold its regular meeting for members and friends on Thursday, Jan. 14, at Carpenters Hall, 109 S. 9th St. at 8 p. m. Officers will be nominated and elected. Colored slides will be shown by Paul Ravet of Menominee. Lunch wil lbe served by hostesses Mrs. August Pickard and Mrs. Hilding Olson.

Game Inventory Reveals Advance

By LEE SMITS

The turn of the year suggests an inventory of Michigan's wildlife and fishing resources, prefaced by the statement that our state now has better hunting and fishing for more people than ever before in history.

A century ago deer were scarce north of Town Line 20, running approximately from Muskegon to Bay City. Solid stands of pine and hardwood, virgin cedar swamps, didn't constitute deer country. Cedar was harvested early and pine was gone 50 years after the Civil War. Then big hardwood cutting began and in the 1920's came the deer explosion, with conditions right for supporting a big herd; thick second-growth cedar for winter feed, hardwood second-growth for spring and summer browsing. Effective fire prevention also got started just about 50 years ago, and presently the pine cutover country was green again and deer never had it so good.

Baraga County settlers told me that when they took up their homesteads, in the latter quarter of the 19th century, there were no deer in the region. Old-timers on Drummond Island said the same thing.

Now there are deer in every Michigan county, and if common sense harvesting can be carried on and the herd kept in balance with its year-around food supply, there will be good deer hunting in Michigan for generations to come.

★ ★ ★

I hunted with men who had hunted elk in Michigan in the past century, and I knew men who shot wild turkeys in the Saginaw area. A successful elk hunt was carried out last year in a sizeable chunk of the northern part of the Lower Peninsula.

Wild turkeys may never become plentiful enough to justify a open season, but they are spreading from county to county after sucessful plantings.

That most popular and spectacular and rugged and delicious game bird, the pheasant, is with us to stay, getting warier year after year.

Now, a brief look at the red-ink side.

In my youth southern Michigan farming country was dotted with pothole ponds, patches of brushy swamp, flooded wood-lots producing annuel dividends of cottontail, quail, grouse, mallard, wood-duck, blue-wing teal, muskrat, mink. (Oddly enough, raccoon were much rarer than they are today.)

Most of these miniature patches of wilderness have been drained and bulldozed away.

★ ★ ★

The myth of the "good old days" does have meaning to relation to fishing. The first French settlers had trouble in Lake St. Clair with nets too heavy to lift. Fifty years ago seining operations, carried on by the Federal Bureau of Fisheries, made whitefish available on Belle Isle at 10 cents a pound in late fall. There was remote trout water in Michigan comparable to the best that can now be found in Canada.

However, the fact remains that Michigan's present fishing resources are unexcelled by any other state, bearing in mind accessibility to large centers of population. Successful fishing these days calls for a much higher degree of skill than it did in 1904, and pollution has ruined hundreds of miles of rivers, but there are still plenty of fish for serious fishermen.

★ ★ ★

Michigan's high standard of fish and game management keeps improving, however much local yelping is heard about what the Conservation Commission and Department do or don't do. Best of all, there is a vast improvement in the general public attitude toward all aspects of conservation.

The game warden of the good old days was usually an overweight political hack who rarely got his feet wet. It was the pride of every hunter and fisherman to outwit the law, and in doing so, he had whole-hearted community support.

One evening recently I attended a meeting of the Wayne County Sportsmen's Club, 300 men, women and children assembled in a spacious modern clubhouse. I heard a lot of talk around the edges of the gathering, and was greatly heartened by the vigorous support given to such measures as pollution abatement, deer herd control, quality trout fishing.

Facts About Income Taxes

SICK PAY

Changes made by the Revenue Act of 1964 have also affected the sick pay exclusion. The new provisions will apply to all "sick pay" attributable to periods of absence beginning after 1963, which resulted from illness or injury.

To compute your sick pay exclusion you must first determine whether your sick pay is: (1) more than 75 per cent of your weekly rate of pay, or (2) 75 per cent or less of your weekly rate of pay.

(1) Over 75 per cent—

If you receive more than 75 per cent of your weekly rate of wages for periods of absence from work because of illness or injury, there is now a 30 calendar day waiting period before you qualify for the exclusion. The amount to be excluded is limited to a rate not to exceed $100 a week.

(2) 75 per cent or less—

If you receive 75 per cent or less of your weekly rate of wages, the waiting period is 7 calendar days, but the exclusion is limited to a rate not to exceed $75 a week. The waiting period does not apply if you were hospitalized at least one day during your absence. After 30 calendar days the weekly rate of exclusion is increased to an amount not to exceed $100.

The exclusion for periods of absence which began before January 1, 1964 is to be computed under the 1963 rules.

Question:

Do you know why homeowners in this area change to Mobilheat?

Answer:

Our Furnace Analysis can save them up to 38% on heat costs —and it's FREE!

The Mobil Fuel-Saver Analysis is made with this scientific kit

Mobil Fuel-Saver Analysis is made in 20 minutes without taking anything apart. Our Fuel-Saver Experts make these scientific tests for heat waste: 1. Heat needlessly escaping up chimney. 2. Unburned fuel going up in smoke. 3. Faulty draft that works your furnace overtime. 4. Air-fuel mixture that wastes oil. *Call today.*

Winner!

The new 1965 Cadillac has already proven itself the most talked-about, best-liked Cadillac of all time. You owe yourself a journey at the wheel of this great new motor car.

What is it about this excitingly new Cadillac that has earned the car such immediate and overwhelming acceptance? Many people tell us it is Cadillac's great new overall styling. Others suggest that it is the striking beauty of its wide front end. Still others are high in their praise of Cadillac's thoughtfully planned interiors—with greater spaciousness and a wider choice of superbly tailored fabrics. And finally, there are those who declare no car can match this new Cadillac for smoothness and quietness of operation. As soon as you drive this finest of Cadillacs, you find that Cadillac's entirely new frame and its beautifully poised suspension make motoring restful and relaxing as never before. Wouldn't it be wise to visit your dealer and discover what makes this fine car the greatest of them all?
